

**OFFICE OF THE DEPUTY COMMISSIONER
BISWANATH**

**Flood Contingency Plan
2022-23**

**PREPARED BY
DISTRICT DISASTER MANAGEMENT AUTHORITY, BISWANATH**

FOREWARD

This contingency plan is a comprehensive document prepared by evaluating the facts and figures that have been collected from various sources of the District with a view to meet challenges during the upcoming flood 2022 and to help the District Administration focus quickly on the essential & crucial aspects of both preparedness and response.

This plan seeks to serve as a useful handbook of operational guidelines for the officers of the District Administration and other District level officials who are incharge of different departments. It is expected from all the concerned officials to go through the plan for efficient delivery of their duty during flood and a better cumulative response.

I am thankful to all Circle officers and the line departments and other organizations that extended help and assistance in preparation of this Plan and cordially invite for their kind suggestions to be incorporated to update & improve the Plan in future.

(Munindra Nath Ngatey, ACS)
Deputy Commissioner &
Chairman, DDMA
Biswanath

OVERVIEW OF THE DISTRICT

LAND AND PEOPLE

Biswanath district is spread over an area of 2003.24 sq. kms. on north bank of Brahmaputra river. As per census 2011, the population of the Biswanath District is 612490. Accordingly Sex ratio is Male 956 and Female 929. Total area of the district is 298111 Hac.

BOUNDARIES

North: The state of Arunachal Pradesh.

South: Brahmaputra River

East: Lakhimpur District

West: Sonitpur District

The District lies between 26° 30'N and 27° 01'N latitude and between 92° 16'E and 93° 43'E longitude.

HISTORY

Attained District status as Darrang District: 1835

Bifurcated to Darrang district & Sonitpur District: 1983

Bifurcated to Sonitpur District & Biswanath District

Biswanath District: 2016

PHYSIOGRAPHY

Located between mighty Brahmaputra River and Himalayan foothills of Arunachal Pradesh, the district is largely plain.

RIVERS

Brahmaputra River forms the south boundary of the district. A number of rivers which originate in the Himalayan foothills flow southwards and ultimately fall in Brahmaputra River.

In the Biswanath Chariali sub-division:

Ghiladhari, Burhigang, Borgang, Behali

In the Gohpur sub-division:

Burhoi, Solengi, Kharoi, Balijan, Mornoi

ADMINISTRATION

Biswanath is one of the districts of Assam with **head quarter** at **Biswanath Chariali**. The district comprises of two **Sub-divisions**, four **Revenue Circles**, *twelve* **Mouzas**, *seven* **Development Blocks** and eight **Police Stations**.

- Head Quarter: Biswanath.
- Number of Sub-Division: 2 Nos
- Number of Circle/ Tehsil: 4 Nos
- Number of Mouza: 12 Nos
- Number of Development Block: 7 Nos
- Number of Police Station: 8 Nos
- Number of Gram Panchayat: 76 Nos
- Number of Revenue Villages: 769 Nos
- Number of Town: 2 Nos
- Names of Town: Biswanath Chariali, Gohpur
- Number of Town Committee: 2 No
- Municipal board: 1 No

DEVELOPMENT BLOCKS

- **Sootea** Development Block,
- **Biswanath** Development Block,
- **Sakomatha** Development Block,

- **Behali** Development Block,
- **Baghmara** Development Block,
- **Chaiduar** Development Block,
- **Pub-Choiduar** Development Block

SUB-DIVISIONS ARE

Name of Sub-Division	Head Quarter	Telephone Number
Biswanath	Biswanath Chariali	03715- 222086
Gohpur	Gohpur	03715- 243570 SDO(Civil)

REVENUE CIRCLES ARE

Name of Sub-division	Name of Circle	Head Quarter
Biswanath	Biswanath	Biswanath Chariali
	Naduar	Sootea
Gohpur	Helem	Helem
	Gohpur	Gohpur

MOUZAS (REVENUE CIRCLE WISE) ARE:

Name of Revenue Circle	Name of Mouza
Naduar	Nagsankar
	Sootea
Biswanath Chariali	Baghmara
	Biswanath
	Sakomatha
	Behali
Gohpur	Gohpur
Halem	Kalongpur
	Brahmajan
	Halem

ROAD NET WORK

- (1) NH-37 passes through the district from Dikarai River to Hawajan covering total distance of 200Km.
- (2) NH-52 A from Barigaon to Itanagar connected the Arunachal Pradesh via Holengi (Rajgarh) 09 Km.
- (3) Kusumtola to Itakhola Road.
- (4) Nagsankar to Itakhola Road.
- (5) Sootea to Itakhola Road.
- (6) Itakhola to Seijosha Road.
- (7) Sootea to Koraiwani Rzoad.
- (8) Biswanath Chariali to Biswanath Ghat Road.
- (9) Biswanath Chariali to Balichang Road.
- (10) Pavo to Gingia Road.
- (11) Monabari to Kathani Bari Ghat Road.
- (12) Borgang to Hatibhandha Road.
- (13) Behali to Baralimari Road.
- (14) Behali to Bihmari Road.
- (15) Halem to Kuwaripathar Road.
- (16) Halem to Gomiri Road.
- (17) Gahigaon to Balijan (AP) Road.
- (18) Gahigaon to Gamirighat Road.
- (19) Baragabari to Kalyani Mandir Road.
- (20) Gohpur to Lakhimpur Road.

THE DYKE / EMBANKMENT SYSTEM

The dyke / embankment system under this Sub-Division is as follows:

1. B/Dyke from Biswanath to Panpur = 24.60Km
2. L/Bank of river Jiabharali from Chamdhara to Panpur = 14.60Km
3. Ghiladhari R/Bank embankment from Barpam to Nathgaon = 12.80Km

RAILWAY COMMUNICATION

- (1) Sootea Rly. Station.
- (2) Biswanath Chariali Rly. Station.
- (3) Monabari Rly Station.
- (4) Niz Bzorgaon Rly. Station.
- (5) Bedeti Rly. Station.
- (6) Helem Rly. Station.
- (7) Brahmajan Rly. Station.
- (8) Gohpur Rly. Station.
- (9) Dubia Rly. Station.

REVENUE CIRCLE WISE
CONTIGENCY PLAN

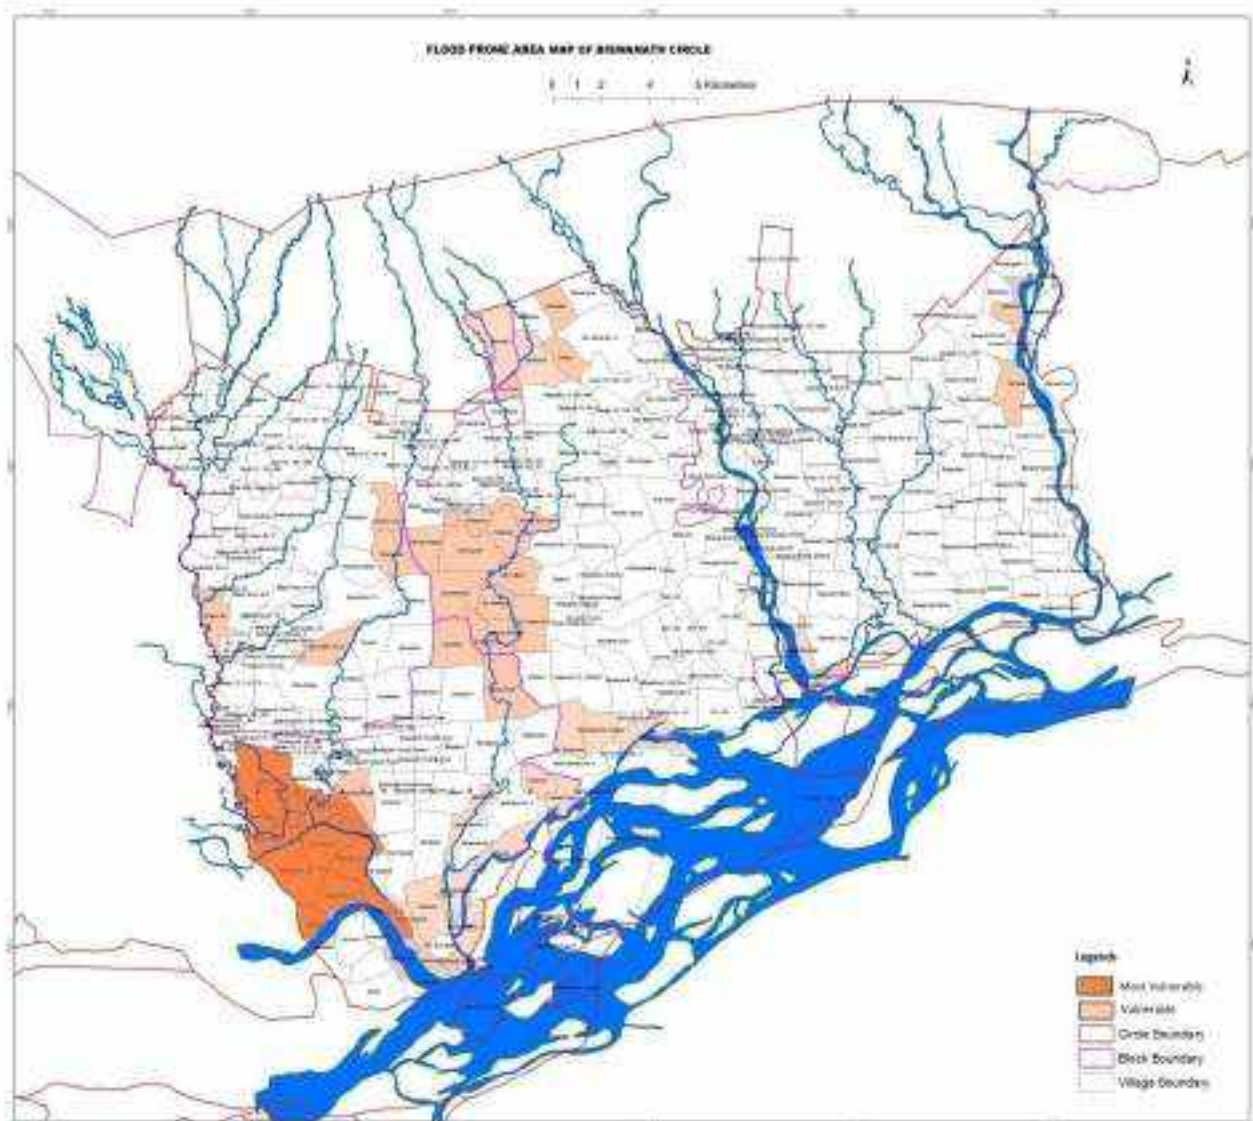

BISWANATH REV. CIRCLE

INTRODUCTION

Coming to **FLOOD**, the Biswanath Rev. Circle is a partially flood affected Circle. The villages normally affected by flood/erosion are situated on the bank of the river Brahmaputra, and its tributary namely, Diring, Borgang, Buroi, Ghiladhari, Burigang and Sadharu etc. descending from Arunachal Pradesh and passing through Biswanath Circle before it merges into the river mighty Brahmaputra.

CIRCLE BOUNDARY :

The Circle is bounded on the north by Arunachal Pradesh, on the south by the river Brahmaputra, on the east by the Gohpur Civil Sub-Division and on the west by Naduar Circle.

Map of Biswanath Revenue Circle indicating areas affected by flood

CAUSES OF FLOOD :

Being situated at the foothills of the Arunachal Pradesh on the north and several rivers/rivulets namely, Diring, Borgang, Buroi, Ghiladhari Burigang and Sadharu etc. merges in the river Brahmaputra and descending from Arunachal Pradesh, the current of the river/tributaries/rivulets being very fast, it causes wide spread damage and havoc to the villages situated on the bank of these rivers/tributaries. Deforestation and erosion at the Arunachal Pradesh and foot hills areas of Assam have silted up the bed of these rivers/tributaries/rivulets making the course of the rivers very erratic and volatile. In the year 2004, a flesh flood occurred in some villages of Baghmara Mouza caused by the river Borgang and in the year 2012 a devastating flood occurred in some villages of Biswanath Mouza by the river Brahmaputra causing wide spread damage at Biswanath Circle area. Unlike the past, many a road including NH-15/embankment running east-west direction passing through Biswanath Circle acts as a hindrance to the fast flow of the water and the water level swells-up as the rivers running north-south direction and crossing the NH-15 at several places of the Biswanath Circle. Improper management and maintenance of Embankment and Dykes is also one of the cause for occurrence of flood. Prior to 2004, following heavy rainfall in the catchments areas of the vast crop areas of the Circle, particularly, got flooded and eroded. Soil of this Circle very sandy and easily got eroded. Hence, the fast current, although not so deep washes away bridges, embankments, roads and sandy bank of the river on either side caused erosion as a common and widespread long term problem.

A BRIEF REPORT ON DAMAGE AND LOSS CAUSED BY THE FLOOD IN THE YEAR, 2012 :

- Name of the River caused flood : Brahmaputra
- Period of occurrence of the calamity : June to August
- Areas affected in Sq. KM : 6937.1 Hector
- Number of village affected : 37 Nos
- Population affected : 57815(approx.)Nos.
- House Damaged : 4589 Nos.
- Value : Rs.73,67,6703.00
- Human lives lost : 2 Nos.
- Cattle lives lost : Not available
- Value : Nil
- Damage done to crops - (A) Area : 274.5 hectors
(B) Valu : Rs.88,23,000.00
- Loss to other properties : Not available
- RELIEF MEASURES
- (A) Number of Relief Camps Opened : 14 Nos.
- (B) Number of persons in Relief Camps : 21900 Nos.

Hence, **MANAGEMENT PLAN** for relief operation has been prepared as per

discussion held with the LR Staff, leading Citizen of the locality and experience gathered from field study.

1. IDENTIFICATION AND CLASSIFICATION OF FLOOD AREA:

The Circle is constituted of **357** nos villages. Out of these 357 nos villages, **57** nos villages are generally affected by flood/erosion, mostly affected by flash flood situated on the bank of the rivers/tributaries Viz. **Brahmaputra, Borgang, Diring, Burigang and Buroi** etc. The nature and intensity of flood/erosion depends upon the volume of water and garbages carried by these rivers passing through the Circle. Moreover, it is very difficult to predict the occurrence of flash flood which may occur in the northern area of the Circle as the rivers descending from Arunachal Pradesh the current of the rivers being very fast and volatile and causes wide spread damage with in a very short period of time in the areas.

For the convenience of relief operation, the villages affected by flood/ erosion are divided into 2 (two) broad categories.

1. (A) VERY VULNERABLE:

The villages comes under this category are affected by flood/erosion of high intensity by nature. A total 14 nos. of villages are identified under this category.

The name of villages and the name river(s) causes flood/erosion in that particular village are shown below :

Sl. No	Name of Village	River causes flood/ erosion	Name of Lot Mandal	D/ W facilities	Health Centre /Distance (Approx.)	Boat facilities	Approx. tion Population	Storing Place
1	1 No Kumalia	Brahmaputra	DHARMANANDA DAS	HTW	Kumalia Chapari Health Centre, Half KM	Country Boat	F- 251 Pop- 1310	Circle Office, Biswanath
2	2 No Kumalia	Brahmaputra	DHARMANANDA DAS	HTW	Kumalia Chapari Health Centre, Half KM	Country Boat	F- 772 Pop- 3775	Circle Office, Biswanath
3	3 No Kumalia	Brahmaputra	DHARMANANDA DAS	HTW	Kumalia Chapari Health Centre, Half KM	Country Boat	F- 401 Pop- 1962	Circle Office, Biswanath
4	4 No Kumalia	Brahmaputra	DHARMANANDA DAS	HTW	Kumalia Chapari Health Centre, Half KM	Country Boat	F- 345 Pop- 1890	Circle Office, Biswanath

1.(B) VULNERABLE :

There are 43 nos. of villages placed under the category of vulnerable village. Normally, these villages experiences flash flood and less intensity of flood/erosion compared to very vulnerable villages. The name of vulnerable villages and the name of the rivers causing flood/erosion are shown below.

Sl. No	Name of Village	Name of river causes flood/ erosion	Name of Lot Mandal & Phone Number	Approx Population	D/ Water facilities	Health Centre /Distance	Boat facilities	Storing Place/Raised Platform

2. (A) RESCUE OPERATION :

Generally, about 45750 nos of population comprising of 41 nos. villages are affected by flood/erosion every year in this Circle. As mentioned in the Introduction, the nature and intensity of flood caused by these rivers passing through the Circle are of short duration but causes heavy damage within a short span of time. This Circle Office is not well equipped with the apparatus used in flood operation like life saving Jacket, Nylon Rope, Engine Boat, Speed Boat and other equipment to rescue marooned people during the time of devastating flood. However, a few number of private Engine and Country boats are available at the disposal of private owners. (List of names of Owners of the Boats are shown in Annexure – II). These boats can be used during the time of flood on payment of daily hire charges. The Army and Para Military forces can be called for rendering immediate help to the Civil Administration as and when situation demand. However, there is no dearth of Big/Small vehicle to carry Gratuitous relief and to shift the affected people to safer places.

For the convenience of relief operation, the whole Circle is considered as a **ZONE** placed under the direct control and supervision of one Zonal Relief Officer. The Circle Officer, Biswanath is the Zonal Relief Officer for Biswanath Circle. The Zone is again sub-divided into **4 (four) Sub-Zones** and each Sub-Zone is placed under the control of one Sub-Zonal Relief Officer. He will be assisted by Assistant, concerned

Lot Mandal, Gaonburha and the Gaon Panchayat Secretaries.

The name of Sub-Zones are :-

1. **Biswanath**
2. **Baghmara**
3. **Sakomotha**
4. **Behali**

2.(B) SHELTER AND ESTABLISHMENT OF RELIEF OPERATION :-

After rescue of marooned people, they are to be provided shelter and food in safer places till the calamity is over. Hence, altogether, 13 nos. of educational and other Institutions have been selected as Shelter/Relief Camp to provide shelter to the affected persons during the time of flood.

2.(C) STOCK PILING OF FOOD STAFF :

During the time of flood the Circle as well as the district may be cut-off by means of communication with the neighbouring Districts/State due to breach of embankment, bridges, roads etc. which was experienced very badly during the time of flood occurred in the past. Hence, to avoid such type of untoward situation and complicity, at the initial stage, the undermentioned quantity of food grain is proposed to be kept in reserved stock in the D. C. Office Biswanath Head quarter. It is also suggested to the Food, Civil Supply & Consumer Affairs Deptt. Biswanath to keep ready the APL rice in advance as mentioned below :-

PLACE	PROPOSED QUANTITY OF FOOD GRAIN TO BE KEPT RESERVED							
	Rice in qtls	M.Dal in qtls	C.Salt in qtls	M.Oil in ltrs	Chira in qtls	Gur in qtls	S.K.Oil in ltrs	W.Brand in qtls
1	2	3	4	5	6	7	8	9
D C. Office, Biswanath	10000	60	10	600	10	3	5000	500

3. ROLE OF VARIOUS LINE DEPARTMENT IN DISASTER MANAGEMENT :

3.(A) PUBLIC HEALTH ENGINEERING DEPARTMENT :

During and after flood, there is every possibility of spread of epidemic like Cholera, Diarrhea, Malaria and other contaminating diseases. The PHE Department, Biswanath will keep sufficient numbers of Hand Tube Well, Water purifying Tablets and Bleaching Powder in the Sub-Division Head quarter to avoid any complicity during the time of flood.

3.(B) MEDICAL DEPARTMENT :

For promptness and for taking rapid action at the flood affected areas the Sub-Divisional Medical and Health Officer, Biswanath and Behali may constitute “**RAPID ACTION MEDICAL TEAM**” headed by Sub-Divisional Medical and Health Officer, Biswanath and Behali respectively. The Rapid Action Team may be constituted by one Sr. Medical and Health Officer as Team Leader with other staff like Para Medical Staff etc. Their area of operation will be fixed by the Sub-Divisional Medical and Health Officer, Biswanath and Behali, according to their convenience. They will submit the list of Rapid Action Team to the D.C., Biswanath, Circle Officer, Biswanath and Block Dev. Officers. The team will visit the flood affected areas during flood and post flood period. The Sub-Divisional Medical and Health Officer, Biswanath and Behali will keep sufficient stock of live saving drugs area wise. They are requested to keep close touch with the Circle Officer, Biswanath with a direction to his subordinate Officer/Staff

3.(C) VETERINARY DEPARTMENT :

Similarly, the Sub-Divisional Animal Husbandry and Veterinary Officer, Biswanath Chariali will also constitute a “**RAPID ACTION VETERINARY TEAM**” headed by him area wise and the Vety. Asstt. Surgeon, will be the team leader with other field staff for each **RAPID ACTION VETERINARY TEAM**. The team will visit flood affected areas during and post flood period. The Sub-Divisional Veterinary Officer, Biswanath Chariali will keep sufficient medicine for affected cattle population area wise. He is also requested to keep close touch with with the Circle Officer, Biswanath with a direction to his subordinate Officer/Staff. He will submit the list of Rapid Action Team to the D C, Biswanath and Circle Officer, Biswanath.

3.(D) AGRICULTURE DEPARTMENT :

The Sub-Divisional Agriculture Officer, Biswanath Chariali is the over all in-charge of the Sub-Division. He may prepare a Contingency plan for placing demand for supply of seeds/seedlings and Rabi crops to be distributed during post flood amongs the flood affected persons. He will conduct a joint survey with the help of his field staff and L.R. staff of the Circle Officer, Biswanath to assess the damage caused by flood/erosion immediately after flood is over. He is also requested to direct the Agriculture Dev. Officers to keep close contact with the Circle Officer, Biswanath. The Agril. Dev. Officers, will keep ready the list of Tractor Owner for the purpose of tractorisation as when demands.

3.(E) WATER RESOURCE DEPARTMENT :

The Executive Engineer, Water Resource Department, Biswanath Chariali will take immediate necessary steps to renovate/repair the Brahmaputra embankment stretching from Biswanath Ghat to Panpur. He will keep close contact with the Circle Officer, Biswanath during pre flood, at the time of flood occurs and post flood period to avoid any complicity and with a direction to his subordinate Officer/Staff. He will also keep ready sufficient numbers of empty Gunny Bags at Biswanath Chairali

Office to meet up any emergent situation during the time of flood.

3.(F) ROLE OF POLICE

The S.P, Biswanath Chariali is requested to direct his Officer In-Charge of the Police Stations to keep strict vigil over the Brahmaputra River and thributaries Embankment/Dyke, roads and bridges during the time of flood. For this purpose they may engage the VDP force at each vulnerable and strategic locations. They may keep ready the local youth who can dive to rescue the drowning people during the time of devastating flood. A list of such local youth may be prepared and submit the same to the D C. Biswanath and Circle Officer, Biswanath immediately. They are also requested to keep ready sufficient armed forces at their respective Police Stations/Out Post to maintain Law and Order Situation as and when situation demand.

Circle to meet the expenditure for purchase of stationary articles and to meet any unseen expenditure during the time of flood.

Circle Officer
Biswanath Rev. Circle
Dist. Biswanath

HALEM REVENUE CIRCLE

INTRODUCTION

Halem Revenue Circle is one of the two Revenue Circles under Gohpur Civil Sub-Division of Biswanath District. It was created in the year of 1956. Halem Revenue Circle has 183 No. of Cadastral villages and 1 No. of Non-Cadastral village. The circle is annually affected by natural disasters like flood, erosion and storm. Every year, many natural and man-made disasters are causing a great loss in human, crops, schools, roads and other public properties. Flood is a perennial problem in this revenue circle and its occurrence is due to the excess water flowing out from mighty Brahmaputra and its tributaries. Sometimes flood lasts about couple of hours to a month in severe cases. Therefore, it is very essential to prepare an action plan to cope with these type widespread disasters.

1. **Name of Revenue Circle** : Halem.
2. **Name of Sub-Division** : Gohpur.
3. **Name of District** : Biswanath.
4. **Total area of the Circle** : 2, 33, 828 B-0 K-11.5 L or 312.815 Sq. Kms.
5. **Total Population (As per 2011 census)** : 1,39,787
6. **Circle Boundary** : N-: Arunachal Pradesh.
: S-: Brahmaputra River.
: E-: Gohpur Circle.
: W-: Biswanath Circle.
7. **Total Nos. of Mouza** : 3 Nos. Halem, Brahmajan & Kollongpur
8. **Total Nos. of Sub-Circle** : 2 Nos. Kollongpur & Halem.
9. **Total Nos. of Lot Mandals & lots** : 17 Nos. LMs & 17 Nos. Lots.

17. **No. of char area** : Nil.

Majmuli Map of Halem Revenue Circle

CAUSE OF FLOOD

Flood generally occurs in the villages due to rise in water level in the upstream i.e. in the hills of Arunachal Pradesh and as a result, the water level of river Brahmajan, Chatrang is raised and cause heavy flood in the villages of northern sides. When the floodwater crosses the National highway and flows to

the river Brahmaputra, the low-lying villages nearby Brahmaputra gets flooded. This flood remains in the villages until the water level of Brahmaputra goes down.

RECENT FLOOD HISTORY

Floods here are associated with a huge loss of life and property such as houses, roads, crops etc. At times, schools, Anganwadi centers, medical centers get inundated and are closed for days together. Flood creates havoc in the month of July and August. Halem Revenue Circle was hit by three waves of flood in the year 2020 where sixty-four (64) nos. of villages were inundated affecting approximately 34000 populations whereas in the year 2021, approximately 8700 nos. of individuals and crop area of 488.5 Hectares was affected by flood. Erosion also affects Halem revenue circle very badly. Due to flood, extensive erosion has been taking place in various sites of the Halem Circle.

In past two years, severe erosion occurred in areas like Lowguti, Sarutamuli, Amjaroni, Goroimari, Uttar Karibil and Lohitmukh due to the flood water washing away embankments at various places. Dozens of families have moved to embankment with makeshift structures. Also the erosion caused by Buroi River made a number of families to shift from their residence.

Summary of 2021 Flood:

- Total Population affected: 8648
- Nos. of villages affected: 37
- Nos. of relief distribution centre operated: 1
- Total GR Distributed: Rice 47 Kgs.
Dal 8 Kgs.
- Proposal for Utensil and Clothing Grant provided to 3 Households.

Summary of 2020 flood:

- Total population affected: 34000
- Nos. of villages affected: 61
- Nos. of Temporary Relief Camps and Temporary Shelters Operated: 3
- Total GR Distributed: Rice 79,177.4 Kgs.
Dal 14,667.6 Kgs.
- Rehabilitation Grant provided to 20 Households.
- Utensil and Clothing grant provided to 119 Households.

Summary of 2019 Flood:

- Total population affected: 56500
- Nos. of Relief Camps Operated: 4
- Nos. of villages affected: 61
- Nos. of Houses damaged: 86
- Total nos. of People on Relief Camps: 1107
- Total GR Distributed: Rice 74,381 Kgs.
Dal 13,745 Kgs.
- Utensil and Clothing grant provided to 303 Households

TYPES OF FLOOD

Flood in the Circle can be divided into two categories: -

1) Flash Flood & 2) Flood caused by the river Brahmaputra.

Flash flood is caused by the river Brahmajan, Magani and Chatrang that flows from Arunachal Pradesh in the north. Flash flood remains for few hours before receding and hence, people are not affected much.

Flood caused by raising water from Brahmaputra River in the south inundates most of the areas in the southern part of the Circle and remains for a longer period of time and thus affects the populace much.

Flood affected areas in the Revenue Circle: Flood affected areas of the Circle may be divided into two categories: -

- a) Severely affected areas. (Section -1)
- b) Moderately affected areas. (Section -2)

ACTION PLAN

Villages under severely affected areas:

Sri Nomal Doley, L.M. is in-Charge of this zone. He will be assisted by **Pulin Saikia, L.M., Sri Rabin Mahanta, L.M., Sri Raju Baskota, L.M., Sri Lalit Borah, L.M., Sri John Terang L.M., Sri Lila Upadhyaya, L.M., Sri Anil Kiling, LM, Sri Meghnath Kaman, LM, Sri Chitaranjit Narzary, LM, Abhijit Bhuyan, L.M,** & all the Gaonburahs and the VLMCC members of the following villages.

1. Lakasa Bortamuli	2. Gonai Chapori	3. Gopal Jaroni
4. Thute Chapori	5. No. 1 Hatijan	6. No. 2 Hatijan
7. No. 1 Toltoli	8. No. 2 Toltoli	9. Dathkala
10. Bordoloni	11. Khalihamari	12. Lohitmukh
13. Lowguti	14. Sarutamuli	15. No. 1 Bortamuli
16. No. 2 Bortamuli	17. Charabandha	18. Rajabari
19. Kukurakata	20. Nalaniduba	21. Kuhimari
22. Batamari	23. Ghehua	24. Balijan Chapori
25. Bagar Pathar	26. Bakoridoloni	27. Golchepa Miripathar

Villages under moderately affected areas:

The villages under this category are affected by flash flood caused by the river Brahmaputra, Brahmajan and Chatrang. The flood water recedes quickly and hence no relief camps are needed for affected people.

Sri Bharat Chandra Das, L.M. is in-Charge of this zone. He will be assisted by **Sri Bhriku Kumar Nath, L.M., Md. Tofiluddin Sheikh, L.M., Sri Rajeswar Bey, L.M., Sri Munindra Das, L.M., Ranjit Rai, L.M ,** & all the Gaonburahs and the VLMCC members of the following villages.

1. Nalinibari	2. Kekurijan	3. Borjahabari (Part)
4. Moranbari (Part)	5. Kawaimari	6. Chatrang Guri
7. Hatibandhia	8. Rangolial	9. Bilotia
10. Ghimorujan (Part)	11. Amjaroni	12. Balijan Miripather
13. Bhogpur	14. Balijan Chapori (Part)	15. Purupbari Kachari
16. Delhousie Kachari	17. Padmapur	18. Delhouse T.E.
19. Magoni Pam (Part)	20. Rahdhala (Part)	21. Brahmajan Gaon
22. Bamunbari (Part)	23. Karigeraj (Part)	24. Puranigeraj (Part)
25. Puranigeraj Kachari	26. Tinikhanian (Part)	27. Tinikhanian

Erosion Prone Areas under Halem Revenue Circle:

Almost all the revenue villages which fall on the east bank of river Buroi and north bank of river Brahmaputra are highly erosion prone. Erosion is a perennial problem in the following specific villages:

1. No. 1 Bortamuli (Paken)
2. Louguti
3. Teleni Pukhuri
4. 1 No. Hatijan
5. Toltoli No. 1 & 2.
6. Lohitmukh
7. Dipora pukhuri.

RESCUE AND RELIEF OPERATION

Circle Disaster Management Committee:

For proper involvement of different sections of people in disaster mitigation, preparedness and efficient distribution of relief items during flood and for damage assessment after flood, the following committee has been formed at the Circle level.

SI No.	Name	Designation	CDMC Designation
1.	Elima Kandulna	Circle Officer (I/C)	Chairman cum Member Secretary
2	Abhijit Choudhury	Field Officer (DM)	Member
3	Arun Kumar Das.	BDO, Chaiduar Dev. Block	Member
4	Bhupen Mahanta	JE, PWD (R)	Member
5	Dr Minakshi Mili	B.V.O, Veterinary	Member
6	Mahen Saikia	JE, PHE Gohpur.	Member
7	Homeswar Keot	BEEEO, Chaiduar Education Block	Member
8	Nipumoni Borah.	JE, PW(B) Dept.	Member
9	Shubhajit Chakrabarty.	JE, WR Dept.	Member
10	Dibyajyoti Phukan	SDAO, Gohpur.	Member
11	Pranjal Gogoi.	Range Officer, Forest Dept.	Member
12	Jibon Borah	Block Resource Person, Chaiduar.	Member
13	Jintu Phukan	CDPO, Chaiduar ICDS.	Member.

14	Rakesh Bhattarai	SDE, APDCL, GOHPUR	Member.
----	------------------	--------------------	---------

The committee would advise and supervise the relief operation. A relief distribution committee will be formed in every flood affected village.

Distribution of Relief Materials:

Gratuitous Relief is distributed in every affected village as per the following criteria-

For one number of major population-

Rice is distributed as : 600 gms per day × No. of days for which GR is distributed.

Dal is distributed as : 100 gms per day × No. of days for which GR is distributed.

For one number of minor population-

Rice is distributed as : 400 gms per day × No. of days for which GR is distributed.

Dal is distributed as : 100 gms per day × No. of days for which GR is distributed.

The relief materials are distributed to the affected families by a Relief Distribution Committee available in every revenue village comprising of LMs, Gaonburhas and other members of the village.

PROPOSED RELIEF CAMPS

High intensity flood will necessitate shifting of people to relief camps. Shelter in safe places like high land, raised platform, Govt. buildings, community halls and school buildings can be used as temporary relief camps. To undertake rescue and relief work, it is necessary that road communication is kept open. Machine boats and country boats will be of vital importance in case of breakage in road communication.

During flood and earthquake, the following **relief camps** are proposed to be set up for the affected villages, if necessary –

Detail list of the Proposed Temporary Relief Camps:

SI No.	Name of Relief Camp	Nos. of Village Covered	Name of Village Covered	Camp in-charge	Phone No.
1	Bagar Pathar LP School	2	Bagar Pathar, Bakori Doloni	Gopal Rasaily	970640264
2	Dathkala Market Shed	5	Dathkala, Bordoloni, Toltoli, Gopal Jarani, Thute Chapori	Dharmananda Sharma	8011049083
3	Dipora Shiva Mandir	2	Dipora, Hatijan	Meghlal Sharma	9957994849
4	Kalyanpur ME School	2	Moranbari, Borjohabari	Atul Saikia	6000318652
5	Teleni LP School	4	Teleni Pukhuri	Mahindra Chandra Das	9531492366
6	Jyoti Agarwala High School.	3	Rangolial, Bilotia, Hatibondhiya	Gyanjyoti Saikia	9101750133

7	Kalabaruah LP School.	2.	Dipora, Hatijan	Diganta Borthakur	9954196886

- In last year's flood, one relief distribution point was operated at Dathkola Martket Shed for the flood affected families.

Child Friendly Spaces at Relief Camps:

Child Friendly Space (CFS) is a place designed and operated in participatory manner where children affected by natural or man-made disasters including armed conflict can be provided with a safe environment, education, health and psychosocial support. Various services such as age specific food and nutrition services, health and hygiene services, education services, psycho-social support services etc. are provided in the CFSs.

During the flood in the year 2020, a CFS was set up at Dathkola Relief Camp site to provide safe spaces to the children of the families affected by the devastating flood.

List of Health Centres and Veterinary Dispensaries:

Following are the list of Health Centers and Veterinary Dispensaries and a list of boats available within this circle.

Health centres:

- 1) Gohpur PHC, Gohpur
- 2) Kawripathar NPHC, Kawripathar
- 3) Gamiri NPHC, Gamiri
- 4) Halem SHC, Ghahigaon
- 5) Bilotia NPHC, Bilotia
- 6) Jalukbari NPHC, Jalukbari
- 7) Paken NPHC, Paken

Veterinary dispensaries:

- 1) Halem Veterinary Dispensary, Halem.
- 2) Ghahigaon Veterinary Dispensary, Ghahigaon.

IDENTIFICATION OF BOATS

To facilitate smooth relief and rescue operation a number of boats have been earmarked. The name and address of the boats owner have been given below:

Sl. No.	Name of Owner	Village	Phone No.	Type of Boat
1	Inland Water Transport	Gamiri	9859709750	Machine Boat
2	Kumar Mili	Sarutamuli	8892797854	Country Boat

IDENTIFICATION OF HIGH LAND

- 1) **Embankments:** Embankments that have been constructed by the Embankments and Drainage Division of the Water Resource Department can be used to shelter both human being and live stocks during flood.
- 2) **Raised platform (Earthen):** The earthen raised platform can be used to shelter live stock and emergency, can also be used to set up relief camp. These raised platforms have been constructed in the following places under Halem Revenue Circle.

1. **Jakapara** : 4 Kotha
2. **Kawoimari** : 2 Bigha
3. **Lowguti** : 1 Bigha
4. **Kukurakata** : 2 Kotha
5. **Kuhimari** : 4 Kotha
6. **Gopal Jarani** : 2 Bigha
7. **Gonai Chapori** : 2 Kotha
8. **Sarutamuli** : 2 Kotha
9. **No. 1 Bortamuli** : 2 Kotha
10. **No. 2 Bortamuli** : 2 Kotha
11. **Lakasa Bortamuli** : 1 Bigha
12. **2 No. Toltoli** : 4 Kotha

Roles And Responsibilities Of Various Line Departments During And After Flood Operations:

A. Agriculture Department:

1. Alert all the subordinate officers and field staff
2. Check stock of seeds, manures implement and make arrangements for raising seedlings.
3. Immediate collection of agricultural statistics along with Revenue staff about acreage under crops affected by flood, damage to crops, and number of cultivators involved.
4. Arrange distribution of agricultural inputs.

B. Block Elementary Education Officer:

1. To alert the teachers/ staff to be ready to move for flood relief duties. (Cluster-Wise)
2. Visit the flood affected areas and assess if any educational concession/ assistance is required to be given to the flood affected students/institutions and communicate with the concerned authorities about the same. (Cluster-Wise)

C. Sub Divisional Medical & Health Officer:

On receiving the flood warning, the SDM&HO shall:

1. Alerting the doctors and para-medical staff.
2. Informing the DC/SP for arranging transport for staff and ambulance services to be available at the short notice, if departmental vehicles are not available;
3. Checking personnel, equipment and medical stores.
4. Immediately visiting the flood affected areas along with one medical team.
5. Starting measure for health relief at a Primary Health Centre/dispensary/sub-centre, if such an institution is located conveniently in the flood affected area.
6. Making immediate arrangements to open dispensary camps in the affected areas if the existing health institutions cannot cover the areas.
7. Deciding immediately whether isolation of certain patients is necessary and desirable and if so, construct temporary isolation day beds in the primary health centre/dispensary/ subcentre/dispensary camp as may be convenient.
8. (i) Deciding the extent of health measures to be taken and work out whether additional medical relief teams are required.
(ii) Entertain for short period additional paramedical and Grade IV staff, as may be absolutely necessary;
9. Arranging other relief measures like disinfection of water sources, vaccination, health education from the nearest PHC with the help of staff attached to those institutions
10. Frequently visiting the flood affected areas and ensure effectiveness of health measures.

D. Irrigation Department:

On receipt of flood warning,

1. Checking the tools and plants, store, vehicles, trucks, bulldozer etc.
2. To Lend the DC materials (if available) for temporary relief camps, vehicles if required;
3. Assessing requirements and deploying staff.
4. Taking safety measures for the protection of irrigation canals and other irrigation works.
5. Visiting the flood affected areas and ensuring measures for safety of irrigation structures.
6. Arranging labour for the protection works.

E. Water Resource Department:

1. Following the Flood Early Warning System.
2. As soon as the river is within one metre of the danger level, starting vigorous patrolling at the reach of the embankments/ dykes and other flood protection structures.

On occurrence of flood,

1. Examining the physical conditions of the embankments/dykes and ensuring that leakages, seepages if any are promptly attended to;
2. Taking protective measures without loss of time in case of any signs of breach.

F. PHE Department:

On receipt of flood warning,

1. Alerting the subordinate officers and staff regarding floods;
2. Checking vehicles, equipment, stores and draw up tentative program for action.

On occurrence of floods,

1. Visiting the flood affected areas immediately with one team and starting measures for water supply and pit/sanitary latrines.
2. Assessing extent of water supply measures required and deploy necessary staff.

3. Constantly visiting the flood affected areas and ensuring adequate safe water supply measures and sanitation in the relief camps.

UPDATION OF DAILY FLOOD REPORTS:

On the advent of flood season, the Lot Mandals will monitor the situation of the villages of his lot on daily basis and provide the details such as the number of population affected, crop area affected, condition of public transport etc. On the basis of the details provided by the concerned Lot Mandal, a daily flood report on the prescribed ASDMA format will be prepared by the field officer for the onward submission to the DDMA branch. The daily flood report will clearly mention the water levels of the rivers and the present status of the river (rising/falling).

Preparedness made so far for Upcoming Flood:

- Construction of two new market sheds has been completed significantly increasing the capacity of Dathkola Market Shed.
- Three hand pumps have been installed and six temporary toilets will be constructed at Dathkola Market Shed during flood.
- Six nos. of hand pumps and six nos. of temporary toilets will be constructed at Jyoti Agarwala HS School if flood like situation arises.
- Provisions for Child Friendly Spaces, Breastfeeding room and room for elderly at Jyoti Agarwala HS Schhol, Balijan.

Conclusion:

At the village level, the Gaonburahs are instructed to construct a village level relief committee incorporating the VLMCC members, local VDP, Gram-Sevaks of P&RD and Agriculture Depts. Elected Panchayat representatives, Anganwadi Workers, School teachers, Youth volunteers, leading citizens etc. so that during the time of disaster, the villagers are well prepared for rescue work and proper distribution of relief material amongst the affected people.

Essential items like kerosene, firewood, tarpaulin, GCI sheets, hurricane lamp, torch light & dry cell, tube-well, baby food, medicine for fever, malaria, diarrhea, dysentery, bleaching powder, etc. may be kept in stock for setting up of emergency temporary relief camps. In addition, fodder and medicine for cattle may be kept in stock.

In the management of disaster risk reduction, a concerted and coordinated effort by all the departments is necessary. E&D Medical, Veterinary, PHC, PWD, F&CS, Water Resources, Agriculture, Police, F&ES, P&RD, Co-operative etc. have a vital role in minimizing and restoration of normalcy of situation. These Depts. are to submit their respective contingency action plan for preparation of a comprehensive plan by the Sub-Divisional administration.

All Lot Mandals and Gaonburahs of Halem Revenue Circle have been instructed to be on high alert when a disaster strikes. They will report to the undersigned immediately on the occurrence of any disaster in their respective lots. They are also instructed to co-operate with other line Department Officials in their relief work.

Circle Officer
Halem Revenue Circle, Halem

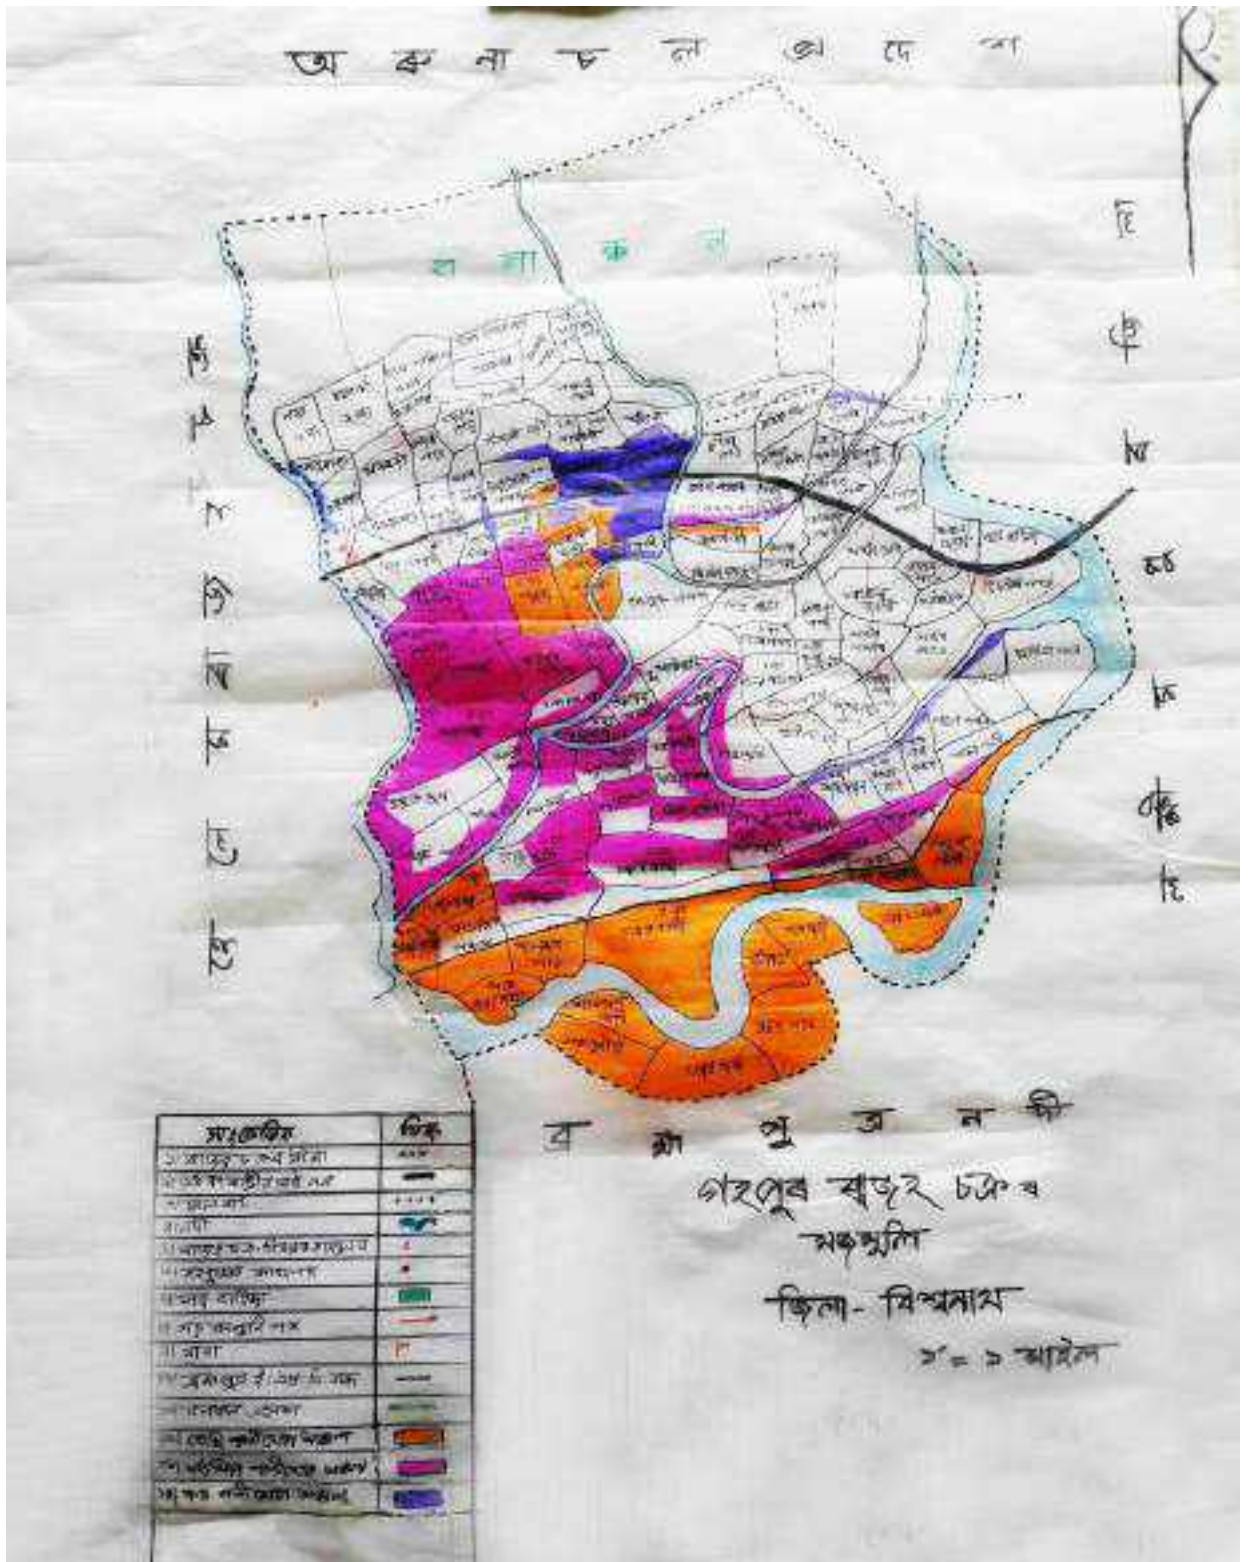

GOHPUR REVENUE CIRCLE

BASIC DATA ON GOHPUR REVENUE CIRCLE.

1. Name of Revenue Circle	: Gohpur.
2. Name of Sub-Division	: Gohpur.
3. Name of District	: Biswanath.
4. Total area of the Circle	: 1,73,016 B-0 K-13 L or 231.46 Sq.Kms.
5. Circle Boundary	: N-: Gohpur reserve forest and Arunachal Pradesh. : S-: Brahmaputra River. : E-: Lakhimpur District. : W-: Halem Circle.
6. Total No. Mouza	: 1 No. GohpurMouza.
7. Total No. of Sub-Circle	: 1 No. GohpurMouza.
8. Total No. of Lot Mandals& lots	: 12 Nos.
9. Total No. of Revenue Villages	: 129 Nos.
10. Total No. of Development Blocks	: 1 No. Pub-Chaiduar Development Block.
11. Total No. of Police Station	:1 No. Gohpur Police Station.
12. Total No. of M.B./T.C. sqkm).	:1 No. Part of Gohpur T.C. (area 7.57
13. Total No. of G.B. Lots	:37 Nos.
14. Nos. of Tribal Blocks	:1 No. Gohpur Tribal Block (Area 8099.95 ect.).
15. Nos. of Tea Estates	: 1 No. NayaGhagra Tea Estate.
16. No. of char area	: Nill.
17. Names of some rivers & tributaries	: Brahmaputra, Chatrong, Solengi, Dubia, Sesa, Kharoi, Subansiri, Mornoi, Chengmora& Kakila.

➤ INTRODUCTION:

Gohpur Revenue Circle is annually affected by natural disasters like flood, erosion and storms of which the flood and erosion are most devastating causing great loss of standing crops, damage to public property like roads, schools, houses etc. Due to its Geographical location and topography numerous tributaries flow out of Arunachal Pradesh towards Gohpur which forms an intricate network. These tributaries suddenly causes flash floods due to swelling of river water in the upper reaches lasting for a few hours to one day. The southern part of Gohpur is a revering tract bounded by river Brahmaputra and its network of tributaries. This area experiences severe flood every year lasting for several days to sometimes months.

Map of Gohpur Revenue Circle indicating areas affected by flood

RECENT FOUR YEARS FLOOD HISTORY:

Flood Summary 2021

Name of Revenue Circle Affected: Gohpur
Total No. of Population Affected : 17784 Nos.
Total No. of Village Affected : 31 Nos.
Total No. of Houses Damaged : NIL
Total Quantity of GR Distributed :

Rice : NIL
Dal : NIL

Flood Summary 2020

Name of Revenue Circle Affected: Gohpur
Total No. of Population Affected : 48847 Nos.
Total No. of Village Affected : 59 Nos.
Total No. of Houses Damaged : 123 Nos.
Total Quantity of GR Distributed :

Rice : 915Qtls 44Kgs. 200 Gms.
Dal : 168Qtls 56Kgs. 700 Gms.

Flood Summary 2019

Name of Revenue Circle Affected: Gohpur
Total No. of Population Affected : 45237 Nos.
Total No. of Village Affected : 57 Nos.
Total No. of Houses Damaged : 100 Nos.
Total Quantity of GR Distributed :

Rice : 964Qtls 98Kgs. 000 Gms.
Dal : 176Qtls 48Kgs. 200 Gms.

Flood Summary 2018

Name of Revenue Circle Affected: Gohpur
Total No. of Population Affected : 18514 Nos.
Total No. of Villages Affected : 15 Nos.
Total House Damaged : 1 Nos.
Total Quantity of GR Distributed :

Rice : 113 Qtls. 30 Kg. 400 Gms.
Dal : 20 Qtls. 96 Kg. 600 Gms.

RESCUE AND RELIEF OPERATION

Circle Disaster Management Committee:

For proper involvement of different sections of people in disaster mitigation, preparedness and efficient distribution of relief items during flood and for damage assessment after flood, the following committee has been formed at the Circle level.

SI No.	Name	Designation	CDMC Designation
1.	Ractim Buragohain	Circle Officer	Chariman
2.	Namita Borah	Circle Officer (A)	Member
3.	Anurag Hazarika	Field Officer (DM)	Convener
4.	Ranadeep Chutia	BDO , Pub-Chaiduar Dev. Block	Member
6.	Mahen Saikia	JE, PHE Gohpur.	Member
7.	Homeswar Keot	BEEO , Chaiduar Edu. Block	Member
5.	Chandra Bahadur Limbu	JE, PW(R) Dept.	Member
6	Nipumoni Borah	JE, PWD(B) Dept.	Member
7.	Dibyajyoti Phukan	SDO , GohpurAgril. Div.	Member
8.	Rahmat Ahmed	SDO , Water Resource Dept.	Member
9.	Babulal Mili	Beat Officer , Gohpur Forest Division	Member
10	Motilal Mili	JE , Town Committee	Member

The committee would advise and supervise the relief operation.

PROPOSED RELIEF CAMPS:-

Safety and security of human life is the first priority in the event of any natural disaster. Normally in the event of low intensity of flood people move to safe places in high land and those residing in houses raised on pillars locally known as **Chang-ghar** are well adapted to cope with the situation. However high intensity flood will necessitate shifting of people to relief camps. Shelter in safe places like high land, raised platform, Govt. buildings, community halls and school buildings can be used as temporary relief camps. To undertake rescue and relief work it is necessary that road communication is kept open. Machine boats and country boats will be of vital importance in case of breakage in road communication.

Central Complain No. at Guwahati: - 1912

(iv) **Additional Human Resource for Flood Response:-**

Additional manpower is to be engaged from empanelled contractors for early restoration of power supply to our valued consumers.

(v) **Dissemination of Flood Early Warning System:-**

It will be done through:-

- Mike announcement
- Uploading of notice and messages on Facebook Page /official website.
- Urja Mitra App.
- Mobile SMS.
- Local electronic media

(vi) **Mechanism for feedback response from the affected communities:-**

Feedback is to be collected through local departmental lineman, local Gaon Boran, (C.P. , BID) and Circle Officer of flood affected areas.

ASSAM POWER DISTRIBUTION COMPANY LIMITED

Registered Office:- Bijulee Bhawan, Paltanbazar, Guwahati-781001, Assam

Office of the Assistant General Manager,

Chariali Electrical Division, APDCL, C.A.R, Chariali

CIN: U4019AS2003SGC007242, E-mail agmced.apdcl@gmail.com, Tel. No. | 03715-222095

Flood Contingency Plan:-

Flood contingency plan for the year 2022-23 is prepared under Chariali Electrical Division, APDCL, Biswanath District with the objectives to early restoration of Power supply with maintaining safety to human and animal lives during and after flood and action points thereon :-

1. **Requirement of Materials:** - O & M materials like Poles, Channels, Insulators, Conductors etc. are to be acquired for early restoration of power supply.
2. **Requirement of Man power:** - Owned manpower is to be engaged normally however if required additional manpower from empanelled contractors for early restoration of power supply.
3. **Requirement of Vehicle:** - Normally dept. vehicles will be used and if required vehicle is to be hired from empanelled contractor.
4. **Tools and Plants:** - To be use from own sources and collect from empanelled contractor is required.
5. **Estimates:** - Estimates have to be prepared for placing fund from the Govt. of Assam after restoration/rectification of damaged line and sub-station work after flood.
6. Establishing of control rooms for flood response
7. Assign of Nodal Officer for flood response.

Flood Preparedness Works under CED

1. Survey is to be done to identify the status of Line and Sub Station of vulnerable flood prone area
2. Awareness meeting is to be held up with local public, Gaon Bura, G.P.
3. Awareness meeting with departmental technical Staff
4. To take up the preventive maintenance work of line and sub-station

Response during Flood

1. To check the conditions of the line and sub-station in the flood affected area
2. Disconnect the power supply for safety of human being as well as animals in the flood affected areas.
3. To create awareness among the public, Gaon bura, G.P. and Circle Officer for safety of human being as well as animals
4. To furnish information to the local people, Gaon bura, G.P., Circle Officer and District administration.
5. To try early restoration of Power supply to the valued consumers if possible through alternate means.
6. Try to restore the power supply as early as possible as flood situation improves.

Restoration of power after Flood

1. Construction of damaged line and sub-station with the help of own resources and empanelled contractor engaging sufficient labour for early restoration of power supply
2. Physical checking of condition of line and sub-station for avoiding further damage

DISTRICT DISASTER MANAGEMENT CONTINGENCY PLAN FOR THE YEAR 2022-23 OF FISHERY DEPARTMENT, BISWANATH DIST

Geography:

The Biswanath District is located in North bank of River Brahmaputra with Geographic area of 1415.185 sq. Km. The district is largely plain. It is bounded on North by Arunachal Pradesh, South by River Brahmaputra, East by Lakhimpur and West by Sonitpur.

Brahmaputra is the main river of the district and apart from that there are small rivers like Ghiladhari, Burhigang, Burhoi, Mornoi etc.

The District has two Sub Divisions (Biswanath&Gohpur), 4 revenue circles (Biswanath Chariali, Halem, Gohpur&Naduar), 7 development blocks (Pub- Chaiduar, Chaiduar, Behali, Baghmara, Sakomatha, Biswanath &Sootea) with 76 nos. of Gram Panchayats.

Fishery at a Glance

The District offers an enormous potential for fisheries and aquaculture development from the available water resources. The sector provides employment opportunity to large numbers of people besides providing nutritional and livelihood security to them. Moreover, sustainable utilization of available resources with scientific farming system will increase fish production and also will generate employment opportunities in the district. The sector promises immense potential with vast water resources mainly in the form of ponds & tanks (668.6ha), beels (683.13ha), derelict water bodies besides the one major river systems and their tributaries . Total fish production in the state has been recorded at 3147.10 MT during 2019-20.

Disaster and its Challenges

As per the Disaster Management Act 2005, disaster means a catastrophe, mishap, calamity or grave occurrence in any area arising from natural or man-made causes or by accident or negligence which results in substantial loss of life or human suffering or damage to and destruction of property, environment. Major disasters in Assam are earthquakes, floods, river erosion, landslides, storms, man made disasters,

Challenges created by major disasters are

- Rescue and evacuate trapped people
- In providing First aid and transferring the seriously injured people to hospitals
- Restoring communication Network and essential services
- In providing food, drinking water to affected people and shelter & relief to homeless people
- Loss of agricultural productivity
- Effects on ecological systems

The inland ponds, tanks and other resources are susceptible to the natural disasters. Therefore, loss of crop, partial and full damage of dyke/embankments, loss of fishing nets, boats occurrence of diseases in crop, loss of fisherman lives are common in the Fishery sector. Hence, relief assistance and remedial measures for management of aquatic environment and health management of fishes apart from repairment of embankments/dykes are very essential.

Prevention, mitigation and preparedness plan:

During pre-flood situation:

Basics information must be collected like how much flashing flood water affected and vulnerable areas. After identification of such areas, precautionary as follows

- I. Capacity building programs at vulnerable areas
- II. Dyke of fish ponds should be raised minimum of 1 m above the maximum flood level
- III. Dyke should be constructed such way that the flashing water can't break the dyke. For ex. Boulder patching or other hard materials etc.
- IV. Nylon fishing net materials should be kept ready for unexpected flashing of flood water to encircle the ponds/tanks or water bodies
- V. Feedstuff may be provided in one corner of the fish ponds
- VI. Fishing net should be kept ready to catch the stock if unexpected situation arises
- VII. Stock of essentials inputs like lime, CIFAX and other medicines must be kept ready for mitigating any disaster

During flood situation:

- I. Nylon fish net should be encircling the entire fishpond
- II. Stock may be reduced during flood
- III. Feeds must be provided in one corner of the pond
- IV. Monitoring of fish pond about leakages or starting breakage of the pond dykes. If such situation is observed, repair the dyke if possible. Otherwise, catch the stock as mush as possible
- V. Diversification of fish culture like short term fish culture, cage culture, pen culture etc

After the flood

- I. Repair the broken embankment
- II. Disinfect the water body with KMnO_4 @ 4 ppm
- III. Catch the wild fish species with fishing net
- IV. Draining of entire water of pond if possible
- V. Feeding with balance diet

Drought like situation:

Drought create huge problems in fish culture practises. Though we have ample of rain water but certain situation may arise due to climate change. If such situation, arise we may go for the precautionary measures as follows

- I. Boring water provision with water pump should be kept ready for supplying water to the pond
- II. When drought like situation arise, water temperature will raise due to this situation the heat stroke may happen to the fishes, hence we may provide shelter place to the fishes by introducing harmless aquatic plants like Eichornia (Meteka), water lettuce etc.

Unexpected Disease:

Disease caused the entire lose of the fish farmers. Some identified diseases may be cured. But if unexpected diseases arise or observe following precautionary measures may be followed

- I. Remove the affected fishes
- II. Reduce the stock
- III. Send the sample to laboratory for identification of pathogen

Relief:

Sl. no	Item	Norms of Assistance as per SDRF/NDRF norms	Remarks
1	Desilting, restoration and repair of fish farms	Rs. 12,400/- per Ha	Norms of Assistance may be revised: *Excavation in soil using hydraulic excavator for 1 ha pond is Rs. 8.4 lakh i.e Rs. 84/ m ³) as per APWD schedule of rates for the year 2018-19
2	Inputs subsidy for fish seed farm	Rs. 8,200/- Per Ha	Norms of Assistance may be revised: *Recurring expenditure in 1 ha pond is amounting to Rs. 1.5 lakh
3	Assistance to fisherman for repair/replacement of boats, nets	i) Rs. 4,100/- for repair of partially damaged boats ii) Rs. 2,100/- for repair of partially damaged net iii) Rs. 9,600/- for replacement of fully damaged boats iv) 2,600/- for replacement of fully damaged net

GOVT. OF ASSAM
OFFICE OF THE SUPERINTENDENT, HANDLOOM AND TEXTILES,
BISWANATH CHARIALI,

NO.SHTB(G) 153/2013-14/Pt-I/64

Dated Biswanath Chariali, the 9th March/2022

From : Md. Abdul Hai,
Superintendent,
Handloom and Textiles,
Biswanath Chariali.

To : The Deputy Commissioner,
Biswanath, Biswanath Chariali.

Sub : Regarding Submission of Flood Preparedness Plan and Flood Contingency Plan for
the year 2022.

Ref. : No.BDM.31/2018/

Date : 03-02-2022

Sir,

With reference to the subject and letter cited above, I have the honour to submit herewith the Flood preparedness Plan and Flood Contingency Plan under Handloom & Textiles Department in Biswanath District for the year 2022 for favour of your kind information and necessary action.

Enclosed : As stated above.

Yours faithfully,

Superintendent,
Handloom and Textiles,
Biswanath Chariali.

Receipt No. 1576
Date 10/03/2022
O/o The D.C. Biswanath

FLOOD PREPAREDNESS & CONTINGENCY PLAN

Objective of the Departmental Disaster Management Plan is to streamline the process to tackle any kind of disaster that may damage weavers' looms & accessories, Yarns, products, workshed as well as departmental infrastructures.

Due to continuous rain, over flooding, river bank erosion, etc. has affected weaving Units (Looms, accessories, Raw-materials, weaving shed etc.) in some villages under Pub-Chaiduar Dev. Block, Chaiduar Dev. Block, Behali Dev. Block and Biswanath Dev. Block in Biswanath district.

The losses and damages by flood can be prevented or mitigated by taking pre caution before Summer season. The field level officer as well as officers in head quarters are sensitized and trained to handle the situation. Massive awareness amongst the stake holders may reduce the damage of life and property.

A Flood Contingency Plan for prevention, Mitigation & preparedness for the Handloom and Textiles Department is given below -

<u>Sr.No.</u>	<u>Activities</u>	<u>No. of programmes</u>	<u>Stake holders</u>	<u>Tentative Cost</u>
1.	District Level Awareness Programme through Resource persons.	2 Nos	District level & Circle level officers/officials and Representatives From Handloom Cooperatives.	Rs.20,000/- X2 = Rs.40,000/-
2.	Awareness programme With the Weavers/ Entrepreneurs & Pwcs at site.	8 Nos	Weavers/Entrepreneurs/ Pwcs from flood affected areas.	Rs.25,000/- X8 = Rs.2,00,000/-
3.	Skill up-gradation Training On Weaving .	1 No	Weavers from flood affected areas.	Rs.75,000/- X 1 = Rs.75,000/-
				Total = Rs.3,15,000/-

Superintendent,
Handloom and Textiles,
Biswanath Chariali.

GOVT. OF ASSAM
OFFICE OF THE SUB - DIVISIONAL ANIMAL HUSBANDRY & VETERINARY OFFICER
BISWANATH CHARIALI

No. SDVO/BC-DDM/2021-22/

810

Dated Biswanath Chariali, the 7th March/2022

From: Dr. Dwipendra Nath Sarma
Sub-Divisional A.H. & Vety. Officer
Biswanath Chariali

To, The Deputy Commissioner,
Biswanath

Sub: Flood contingency plan for upcoming flood/2022.

Sir,

With reference to the subject cited above I have the honour to inform you that I have submitted herewith the action plan for upcoming flood of A.H. & Vety. Deptt., Biswanath along with the name of Nodal Officer for smooth functioning of aforesaid plan.

This is for favour of your kind information and necessary action.

Enclosed:

1. Action plan
2. Officers and employees engagement list.
3. Name of Nodal Officer.

Yours faithfully

Sub-Divisional A.H. & Vety. Officer
Biswanath Chariali

Memo No. SDVO/BC-DDM/2021-22/

Dated Biswanath Chariali, the 7th March/2022

Copy to:-

1. The SDO (Civil), Gohpur for favour of kind information.

Sub-Divisional A.H. & Vety. Officer
Biswanath Chariali

**Preparedness and Requirement of items
during and in post disaster period for A.H. & Vety. Deptt., Biswanath**

Dated 07/03/2022

Sl. No.	Name of particular	Present status of availability	Requirement	Remarks
1	Fund	At present there is no any fund sanctioned or available to the undersigned to combat any kind of disaster.	A corpus fund at least amounting Rs. 50,000.00(Rupees Fifty Thousand) should be sanctioned and allotted to the undersigned for immediate response to face any kind of disaster.	No fund available
2	Grass root level awareness and man Power	All the departmental officers and employees are aware and keep alert for any type disaster. The district is divided into two zone for easy functioning during such catastrophe.	Some posts are lying vacant for years together. The retired vacancies against retirement and premature deaths are not filled up.	The short of man power might create problem during any kind of disaster.
3	Medicine	A stock of medicine are available which could circumvent moderate degree of disaster.	Requisition of medicines for flood is already placed.	
4	Cattle feed	At Biswanath Chariali there are few flour mills which could provide required stock as and when necessary. But green fodder is not available the district as there is no any fodder cultivation plot.	During flood Livestock feed will be supplied by revenue Deptt. as per requirement submitted by district A.H. & Vety. Deptt. fund for fodder development in the district- At least 2 Nos. of fodder plot can be develop in the dispy. areas of Biswanath district @ Rs. 1 lakh/plot.	
5	Vehicle	i)Though there is a vehicle in the Deptt. but there is no driver. ii)Motor lanch: No such convenience available at present.	So at least 2(Two) Nos. of Bolero or Tata Pickup type of vehicle would be required according to necessity and demand in course of time. Machine boat and motor lanch would be required along with manpower for rescue operation of livestock.	
6	Sweeper	No sweepers are available in the Deptt. and Grade IV employees are also short and few no amongst those are vacant.	During and in post disaster period sweepers and Grade IV employees might be required if disposal and burry of the death of animals escalated.	
7	Highland or raised platform	There are total 37 Nos. of raised platforms in Biswanath Sub-Division and 17 Nos. in Gohpur Sub-Division.		Repair of raised platforms are required. Concerned Deptt. should be asked for immediate action.

GOVT. OF ASSAM
OFFICE OF THE EXECUTIVE ENGINEER
BISWANATH BEHALI DIVISION (IRRIGATION), BISWANATH CHARALI

No.EE/BBD(I)/TB-69/2021-22/ 1113

DATED:- 7/3/2022

To,

The Deputy Commissioner,
Biswanath

Subject:- Submission of Flood Contingency plan 2022 for Biswanath Behali Division (Irrigation),
Biswanath.

Ref:- No.BDM.31/2018/A Dated 03/02/2022

Sir,

With reference to the subject cited above, I have the honour to submit herewith the flood preparedness plan for Biswanath Behali Division, Irrigation, Biswanath for favour of your kind disposal. The name and phone no. of the Nodal Officer is given below:

Name:- Sri Bhupen Phukan
Designation:- Assistant Executive Engineer
Biswanath Sub-Division (Irrigation)
Biswanath
Ph No.:- 7086138594

Yours faithfully

Executive Engineer,
Biswanath Behali Division (Irrigation),
Biswanath Charali.

FLOOD CONTINGENCY PLAN 2022

This division consists of 2(two) nos. of Sub-Division namely Biswanath Sub-Division, Irrigation, Biswanath and Behali Sub-Division, Irrigation, Biswanath. There are 33(Thirty-Three) nos. of minor Irrigation scheme under Biswanath-Behali Division, Irrigation, Biswanath. Most of the Head Works are low crested weir and there is no ponding, hence during flood there is very little chance of any disaster.

Necessary instruction has been issued to the field level officer to keep strict vigil over the Head Works site at different location during flood time and to intimate any damaged caused by the flood to the circle officer, so that necessary action can be taken immediately. There is no machineries flood fighting under this division. Although necessary instruction has been given to both the sub-divisions to collect flood fighting materials like empty cement bag, Bamboo, cement and sand bags, stones etc. at site so that immediate measures can be taken. Necessary machineries like JCB, Bulldozer etc. will be made available for flood fighting as and when necessary.

Role & Responsibilities of the Departmental Response Team:

1. **Pre-disaster preparedness:** Depending on the anticipated threat by the disaster, control room will be set up at circle/division/sub-divisional level for smooth communication with DDMA/district administration. Immediate short term temporary measures are taken for protection of the project infra-structures. As for example, making temporary bunds, bamboo pallasiding work reinforced by earth filled gunny bags etc. Thus, a plan is chalked out for immediate preparedness against the disaster. Normally when the flood recedes permanent long-term measures are taken up. Instructions are passed to the sub-divisions and field functionaries for taking flood preparedness and regulation of gates in the case of flow irrigation schemes and raising of bored pipes in the case of shallow/deep tube wells.

2. **During Disaster (Rescue, relief, essential services and others):** The role and responsibilities of the department response team are as follows.

- Regulation of the gates so that the flood water easily passes downstream of the river/canals.

- > Deactivation of the electrical installations.
- > Shifting of the portable assets to a safe place.
- > Help the district administration in relief and rehabilitation
- > Observe the flood and take immediate measures for the safety of the lives and properties.

3. **Post Disaster (Repair of Departmental infrastructures, restoration of departmental services and others):** The damages caused to the irrigation Schemes/infrastructures are reported to the district administration and DDMA and with the approval of it, the proposals are submitted to SDMA for funding. As the funds are sanctioned, necessary repair and restoration works are taken up. The inter-ministerial wing of the Govt. of India conducts inspection and review of the damages caused due to disaster. Technical supports for repair of the irrigation infrastructure are made by the department at various levels.

As per the Govt. India O.M.no 32-7/2014-NDM-1, dated 8th April, 2015 as issued by MOHA, Disaster Management Division the following activities irrigation works/schemes are permissible for funding under State Disaster Response Fund:

- > Immediate of repair of damaged canal structures and earthen/masonry works of tanks and small reservoirs with the use of cement, sand bags and stones.
- > Repair of weak areas piping of rat holes in dam walls/embankments.
- > Renovation of vegetative material/building materials/debris from canal and drainage system
- > Repair of embankments of minor, medium and major irrigation projects.

The Addl. Deputy Commissioner (DDMA)
Biswanath

Sub: Submission of report for Flood preparedness
Ref no.- BDM.9/2017/358 of 05/03/2022.

Sir,

With reference to the subject cited above, I have the honour to submit herewith the report of Flood preparedness of Agriculture deptt. for uploading in an online portal of District Level Flood Preparedness Scorecard.

This is for favour of your kind information & necessary action.

Yours faithfully

District Agricultural Officer
Biswanath

FLOOD CONTINGENCY PLAN OF BISWANATH DISTRICT

A. Contingency plan is drawn up in three phases considering the time of occurrences of flood as follows:-

1. 1st phase – May to June.
2. 2nd phase – July to August.
3. 3rd phase – Sept to October.

1st phase:- this is the early part of the Kharif season. During this period generally crops affected/damaged by flood are Vegetables, Adu paddy, Jute, Sali seedlings and early transplanted Sali crops.

At this stage farmers get time for re-sowing of seeds at seedbed and recoup their damaged crops fields with appropriate late varieties. Recommendations are given to distribute the short and medium duration HYV seeds to the affected farmers to re-coup the crops less and rejuvenate their partial damage of crops. In this connection it is proposed to make a buffer stock of about 600-700 qtls. Paddy seeds in the district headquarters for immediate utilization of the seeds for giving relief to the flood affected farmers.

Publicity and awareness:- Meeting and training will be organized in the flood affected villages by the field staff to make the farmers aware about the ensuing flood. Farmers are suggested to raise seedling on higher land in community basis where the plots of land are not affected by flood water.

2nd phase:- This is difficult stage to compensate or recoup the crop loss as it occurs at the middle of the kharif season. The time falls short for raising seedling if flood occurs at the later part of the phase. So an anticipation of occurrence of flood in this phase is very much necessary. Community Nursery raising of Sali seedling (late variety of Monohar Sali, Luit, Jalashee etc.) in already established community nursery seedbed is suggested for giving relief to the affected farmers to some extent.

3rd phase:- Third phase is considered as the last part of the Kharif season and early part of Rabi. In this part, standing crops are damaged by flood, which can be re-couped only by taking Rabi cultivation to compensate the loss of Kharif crops. For this following rabi seeds have been proposed for distribution to the flood affected farmers of the district.

Item	Area to be covered	Qty. required
15. Mustard	1000 Ha	100 qtl
16. Pea	800 ha	400 qtl
17. Summer Paddy (Hybrid)	1000 ha	100 qtl
18. Summer Paddy (HYV)	1000 ha	400 qtl
19. Potato	100 ha	2000 qtl
20. Black Gram	1000 ha	250 qtl
21. Maize	400 ha	90 qtl

The detail contingency plan showing fund requirement for arrangement of relief at different phase is given herewith in Annexure-I.

Annexure-I

Item of expenditure	Phase	Quantity requirement (qtl)	Rate/unit (Rs.)	Total value (Rs. In Lakh)	Area to be covered (Ha)	Total farmers benefited (Nos.)
1	2	3	4	5	6	7
A] Paddy seeds for buffer stock.	1 st phase	450	@4000/-	18.00	600	1400
	2 nd phase	270	@4000/-	10.80	360	900

c) Rabi-Relief. Programme:

Mustard	3 rd phase	100 q	@8000	8.00	1000	2500
Pea	-do-	400 q	@7000	28.00	800	2000
Summer Paddy (Hybrid)	-do-	100	@25000	25.00	1000	2500
Summer Paddy (HYV)	-do-	400 q	@4000	16.00	1000	2500
Potato seed	-do-	2000	@4000	80.00	100	250
Black Gram	-do-	250 q	@8000	20.00	1000	2500
Maize	-do-	90 q	@30000	27.00	400	1000
				204.00	5300	13250

C. Training and Awareness programme: 20 Nos @ 1000/- Rs. 20

Grand total=

Rs. 204.20

(Rupees two crore four lakhs twenty thousand) only.

STATUS OF AGRICULTURAL STOCK

At present stock is not available for flood at district HQ. Agricultural inputs are supplied by the Director of Agriculture, Assam, Khanapara, Ghy-22 as per requirement during the flood through the below mentioned list of suppliers relevant for the Department.

- A. Assam Seeds Corporation Ltd, Khanapara, Ghy-22
- B. National Seeds Corporation Ltd, Khanapara, Ghy-22
- C. Registered Private farms inside the state and Govt. approved suppliers.

ACTION PLAN FOR FLOOD RESPONSE

Flood is a regular phenomenon in some parts of Biswanath district. Flood generally occurs in between mid May to September/October with the onset of the monsoon. The river Brahmaputra hazards every year in the southern part of the district. About 13772 hectares or more crop land is chronically effected by flood water whenever occur in the district resulting damage of various crops like paddy, jute, sugarcane, vegetable etc. and approximately 35110 nos farmers are generally affected by flood. Heavy rainfall generally occurs during the month of June to August but it might advance from April to May also. The flood when occurs it causes damage of varying degrees from partial to total damage to the standing crops.

At discussion on flood situation it may be suggested to grow fodder by Agril.Dept to overcome scarcity of fodder for domestic animals at severe flood situation wherever any high land available. Therefore a proposal has been prepared as given below besides seed and seedling products. All ADO's and AEA's are directed to identify high land available at their jurisdiction as fodder crop need more than 4-5 month to attain harvesting state better to start growing from February month, as it is late by season still it may be start growing to meet up emergency need.

Statement depicting Anticipation of affect (inundation of water/submergence of crop/damage of crop) in Flood-prone area of the district is shown below:

DISSEMINATION OF FLOOD EARLY WARNING SYSTEM

- Flood early warning is disseminated through DAO in district level as well as through ADO at circle level by
1. District /Block level meeting with IRT , expert from KVK, expert from Line deptt & NGOs.
 2. Group discussion/meeting with farmers/PRI members etc.
 3. Review and analysis of past experience from the farmers.
 4. Collection of feedbacks and suggesting for improvement of local needs.
 5. Suggestion of growing flood resistance crop variety in flood prone areas.
 6. Regular monitoring of crop weather watch report and e-paste surveillance.

MECHANISM FOR FEEDBACK RESPONSE FROM THE AFFECTED COMMUNITIES

Feedback response from the affected communities are collected through the above mentioned IRT in consultation with PRI/Gaonpradhans/PPS/ASG etc . and report to the proper quarters. Indentify the priority areas and do the needful. Media Management to communicate effectively. Coordination with the line departmental agencies to collect the feedbacks from the affected farmers.

Information Regarding Flood Preparedness Score Card

- i. Flood contingency plan – Copy Enclosed.
- ii. Status of vulnerable infrastructure: -

Under Biswanath Behali Division, (Irrigation), Biswanath there are Fifteen (15) nos. of Flow Irrigation Scheme (FIS), Six (6) nos. of Lift Irrigation Scheme (LIS), which consists of Thirteen (13) Lift points and Fifteen (15) nos. of Deep Tube Well (DTW) and Medium Deep Tube Well (MDTW) Irrigation Scheme. Besides this we have total Three Hundred and Sixty-Nine (369) Tube Well (TW) points under PMKSY-HKPP, Ph-1 Scheme.

Most of the Irrigation Flow Schemes are low crested weir and there is no ponding. Hence, the Head Works structures are not vulnerable to flood. During flood times the gates of cross regulator are regulated so that flood water flows towards downstream of the river, so there is no possible of damage of any kind of structures.

- iii. Name, Designation and Contact no. of Nodal Officer for Flood Response: -

Name: Sri Bhupen Phukan

Designation: Assistant Executive Engineer, Biswanath Sub-Division (Irrigation), Biswanath.

Contact No.: 7086138594.

- iv. Additional human resource for flood response by department mapped and arrangements to manage surge.

➤ Enclosed in the preparedness plan.

v. Dissemination of Flood Early Warning System: -

- Dissemination of Flood Early Warning system will be taken as per the prevailing

Scenario depending on the need of the hour.

vi. Mechanism for feedback response from affected communities:

In the aftermath of a disaster the primary responsibility for undertaking rescue rest

with the State Govt. However, the department has organizational structure with the following designations.

A.E.E-Nodal Officer

A.E./ J.E.- G.P Level Officer

Section Assst. - Village Level

Executive Engineer
Biswanath-Behali Division (Irrigation)
Biswanath Chariali

FLOOD CONTINGENCY PLAN 2022

This division consists of 2(two) nos. of Sub-Division namely Biswanath Sub-Division, Irrigation, Biswanath and Behali Sub-Division, Irrigation, Biswanath. There are 33(Thirty-Three) nos. of minor Irrigation scheme under Biswanath-Behali Division, Irrigation, Biswanath. Most of the Head Works are low crested weir and there is no ponding, hence during flood there is very little chance of any disaster.

Necessary instruction has been issued to the field level officer to keep strict vigil over the Head Works site at different location during flood time and to intimate any damaged caused by the flood to the circle officer, so that necessary action can be taken immediately. There is no machineries flood fighting under this division. Although necessary instruction has been given to both the sub-divisions to collect flood fighting materials like empty cement bag, Bamboo, cement and sand bags, stones etc. at site so that immediate measures can be taken. Necessary machineries like JCB, Bulldozer etc. will be made available for flood fighting as and when necessary.

Role & Responsibilities of the Departmental Response Team:

1. **Pre-disaster preparedness:** Depending on the anticipated threat by the disaster, control room will be set up at circle/division/sub-divisional level for smooth communication with DDMA/district administration. Immediate short term temporary measures are taken for protection of the project infra-structures. As for example, making temporary bunds, bamboo pallassiding work reinforced by earth filled gunny bags etc. Thus, a plan is chalked out for immediate preparedness against the disaster. Normally when the flood recedes permanent long-term measures are taken up. Instructions are passed to the sub-divisions and field functionaries for taking flood preparedness and regulation of gates in the case of flow irrigation schemes and raising of bored pipes in the case of shallow/deep tube wells.

2. **During Disaster (Rescue, relief, essential services and others):** The role and responsibilities of the department response team are as follows.

- Regulation of the gates so that the flood water easily passes downstream of the river/canals.
- Deactivation of the electrical installations.
- Shifting of the portable assets to a safe place.
- Help the district administration in relief and rehabilitation
- Observe the flood and take immediate measures for the safety of the lives and properties.

3. Post Disaster (Repair of Departmental infrastructures, restoration of departmental services and others): The damages caused to the irrigation Schemes/infrastructures are reported to the district administration and DDMA and with the approval of it, the proposals are submitted to SDMA for funding. As the funds are sanctioned, necessary repair and restoration works are taken up. The inter-ministerial wing of the Govt. of India conducts inspection and review of the damages caused due to disaster. Technical supports for repair of the irrigation infrastructure are made by the department at various levels.

As per the Govt. India O.M.No 32-7/2014-NDM-1, dated 8th April, 2015 as issued by MOHA, Disaster Management Division the following activities irrigation works/schemes are permissible for funding under State Disaster Response Fund:

- Immediate of repair of damaged canal structures and earthen/masonry works of tanks and small reservoirs with the use of cement, sand bags and stones.
- Repair of weak areas piping of rat holes in dam walls/embankments.
- Renovation of vegetative material/building materials/debris from canal and drainage system
- Repair of embankments of minor, medium and major irrigation projects.

Biswanath Territorial Road Sub-Division, Biswanath Chariali
Mobile No: - 9957451836

Under, Asstt. Executive Engineer, PWD, Behali Territorial Road Sub-Division, Borgang the following JE's will keep vigil in their respective localities.

- (1) Sri Pradip Konwar, JE, for Borgang Section
Mobile No: - 9435488311
- (2) Sri Manoj Krishna Dahal, JE
Mobile No: - 7002736967
- (3) Sri Manish Hazarika, JE, for Pavol Section
Mobile No: - 8638408721

Under Asstt. Executive Engineer, PWD, Biswanath Territorial Road Sub-Division, Biswanath Chariali the following persons will keep vigil in the Sections as follows: -

- (1) Sri Bikash Burathoki, JE, Chariali-1 Section
Mobile No: - 9706209538
- (2) Imran Ansari, JE, Chariali-2 Section
Mobile: - 7002629198
- (3) Sri Pranab Bora, JE, Sootea Section
Mobile No: - 9707539309

The field officers will keep constant vigil on Roads and Bridges under their respective Areas. They will immediately inform the higher authority in case of any sudden flood, Breach or disruption of communication. They will also take precautionary and road safety measures at once so that the damages can be minimized and communication can be restored immediately.

There are Sectional Assistance and MR workers under their control who will assist them in matters of information and restoration of communication. The Sectional Officers will engage their Section Assistants and MR workers accordingly.

Material

Requirement of materials etc. for taking immediate temporary restoration.

Empty Cement Bag	Bamboo	Sand/Earth	Boulder	Decking	Patent nail	Coir string	Remarks
10000 Nos.	5000 Nos.	2000 Cum	600 Cum	600 Nos.	150 Kg	150 Kg	At present there is no material in stock. The higher authority will be requested for necessary action

The materials will be stationed at different location like Borgang, Biswanath Chariali, Pavoi, Sootea etc. so that they may be made available as quickly as possible.

Machineries: - In case of need of Machineries like tipper, Road Roller etc. the following contractors will be kept in touch for quick restoration of communication: -

- (1) M/S Sailaja Commercial Construction Pvt. Ltd.
- (2) Sri Bharat Hazarika
- (3) M/S Nameri Construction
- (4) Sri Biswa Ranjan Borah
- (5) Samiran Infra Pvt Limited.

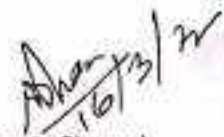

Identification of Vulnerable Area of Flood: -

The following Areas under PWD, Behali Territorial Road Sub-Division, Borgang are identifies as Vulnerable Flood Prone Area.

Rowmari, Kamarpukhuri, Buroiguri, Lalpukhuri, Chilamari, Gangmouthan, Mijika etc.

The following Areas under PWD Biswanath Territorial Road Sub-Division, Biswanath Chariali are identified as Vulnerable Flood Prone Area.

Biswanath Ghat Area, Katarati, Tewaripal, Koroini, Bhojmari, Nij-Gorpal, Singjamukh, Bokabil etc.

 (Syamanta Sharma)
 Executive Engineer PWD,
 Biswanath District Territorial Road Division
Biswanath Chariali.

INTRODUCTION:

Sonitpur District is situated on the north bank of river Brahmaputra. It is an administrative district in the state of Assam. The district headquarter is located at Tezpur. The major tributaries of Brahmaputra in this districts are Jiabharali, Gabharu, Belsiri Jorasar, Depota etc. The Sonitpur district starts from Kaliabhomura bridge and ends at river Panchnoi. On the other hand, Sootea is in the the north and Brahmaputra is in the southern part of this district.

Tezpur Water Resources Division was set up in the year 1971. At present this division has 3(three) numbers of Sub-Division namely ---

1. Tezpur W.R. Sub-Division
2. Chariali W.R. Sub-Division
3. Gohpur W.R. Sub-Division.

Tezpur W.R. Sub-Division falls under Sonitpur district. On the other hand Chariali and Gohpur W.R. Sub-Divisions fall under Biswanath district.

The jurisdiction under Tezpur Water Resources Division covers mainly the mighty river Brahmaputra with tributaries like Jiabharali, Gabharu, Belsiri, Depota, Brahmajan, Ghiladhari, Balijan etc. Some of which are quite flashy and others are both flashy and turbulent in nature and cause large scale of erosion and devastation during the flood time.

The problem of flood and erosion in Assam is unique and acute. Among the flood prone districts in Assam, Sonitpur district is also one of the highly flood and erosion effected district of Assam.

The dykes/embankments system under this division are listed below:

Under the Jurisdiction of Tezpur W.R. Sub-Division:

1. B/Dyke from Depota outfall to Gabharumukh	= 11.48 Km
2. R/Bank of river Jiabharali	= 17.80 Km
3. Gabharu Both Bank embankment	= 33.00 Km
4. Belsiri dyke on both banks	= 10.50 Km
5. Depota embankment on both banks	= 8.50 Km
Total	= 81.28 Km

Under the Jurisdiction of Chariali W.R. Sub-Division:

1. B/Dyke from Depota outfall to Gabharumukh	= 11.48 Km
2. L/Bank of river Jiabharali from Chamdhora to Panpur	= 14.60 Km
3. Ghiladhari R/Bank embankment from Barpam to Nathgaon	= 12.80 Km
Total	= 38.88 Km

Under the Jurisdiction of Gohpur W.R. Sub-Division:

1. B/dyke from Jamuguri to Kharoi out fall	= 21.00 Km
2. Revival of Solengi river B/Bank	= 18.75 Km
3. Prevention of flood & other ravages due to change of course of Brahmajan	= 25.75 Km

4. Improvement of drainage system of Singra- Magonijan	= 6.59 Km
5. Both bank embankment of river Chatrang	= 18.00 Km
6. Right bank embankment of river Sessa	= 6.14 Km
	<hr/>
Total	= 96.23 Km

It is to be mentioned that many of the embankments system was constructed during the sixties and they already have out-lived their tenure and need raising and strengthening. Regular maintenance and repairing during flood are necessary. For the last few years repairing and maintenance during the flood season through casual labourers have been abolished.

To tackle/manage flood problem during flood season the action plan proposed by this division is prepared Sub-division wise. The Sub-Division action plan is prepared considering vulnerability of the embankment reaches along with men and materials required for flood fighting.

To tackle/manage flood problem during flood season the action plan proposed by this division are as follows..

One Control Room/Flood Cell in this division office will set up which will be functioning from 15th May 2022 to 15th October 2022. The contact number of the Control Room is 9395057265. It will remain open round the clock to receive flood data (Water Level, Rainfall Data etc.) /flood related message like breach, breach like damage, erosion and flood inundation and transmit this data/information to the authority concerned as and when necessary. Any breach/cut, erosion report over topping etc. are to be reported by field officers immediately to the Control Room and Office in-charge of the Control Room will disseminate the same through the W.T. message/Whatsapp/E-mail etc to the concerned higher Authority & DDMA. The Assistant Executive Engineer (TC) of this division will be the overall In-charge of the Control Room who will be assisted by 2 (two) numbers of Sub-Engineers for smooth functioning of the Control Room.

The flood fighting materials like Empty Cement Bags, 8G wire, Wire rope, U-Bolt, Geo Bags and PSC Porcupine etc. procured as per requirement and these materials will be stored in the Sub-Divisional stores of the following Sub-divisions.

1. Tezpur W.R. Sub-Division, Tezpur
2. Biswanath W.R. Sub-Division, Biswanath Chariali
3. Gohpur W.R. Sub-Division, Gohpur

Sectional Officer (Store) of each Sub-Division will be in charge of flood fighting materials. Respective Asstt. Executive Engineer will issue such materials to the field officers. The Field Officers will be responsible to ensure availability of flood materials at vulnerable points before high flood in river is apprehended. They shall be in constant touch with 'Divisional Control Room and collect message on flood forecasting, flood warning etc. The respective Asstt. Executive Engineer will ensure of daily flood data and submit to Divisional Control Room through messengers or telephone.

This Division has four numbers of vehicles which will be used during flood emergency for smooth functioning of the office as well as field work.

Executive Engineer
Tezpur Water Resources Division
Tezpur

Tezpur Water Resources Division is headed by the Executive Engineer of the Division. He is the administrative head of the division. The Executive Engineer of the Division is over all in-charge of the Division to look after the embankment, implementation of works etc. He is assisted by the Assistant Executive Engineers of the Sub Divisions. The Assistant Executive Engineer is the in-charge of his Sub Division. The Assistant Executive Engineer are assisted by the Assistant Engineers and Junior Engineers posted as Sectional Officer to look after different dykes. The Sectional officer is assisted by the Sectional Assistants with other field staff.

Disaster Management which includes both risk management and crisis management falls within the roles and functions of the State Government employees. Any breach/cut, erosion report over topping etc. are to be reported by field officers immediately to the Control Room and Office in-charge of the Control Room will disseminate the same through the W.T. message etc to the concerned higher Authority & DDMA, Sonitpur & Biswanath District.

At present the Division is functioning with the following Officers & Staff.

Sl No.	Cadre Name	Cadre Strength	Man in Position	Vacancy	Remarks
1	Executive Engineer	1	1	0	
2	Assistant Executive Engineer (TC)	1	1	0	
3	Assistant Executive Engineer (Works)	3	3	0	
4	Assistant Engineer	5	4	1	
5	Accounts Officer	1	1	0	
6	Deputy Accounts Officer	2	1	1	
7	Assistant Accounts Officer	2	0	2

20	Office Chowkidar	5	0	5	
21	Grade IV (Personal Post)	3	3	0	
22	Muster Roll	1	1	0	
Total		191	96	95	

The flood fighting materials like empty cement bags, 8G wire, Wire rope, U-Bolt, Geo Bags and PSC porcupine procured as per requirement and these materials will be stored in the 3 (three) Sub-Divisional stores of the respective Division.

The river Brahmaputra and its tributaries like Jiabharali, Gabharu, Belsiri, Depota, Jorasor etc. caused severe bank erosion and flood inundation problem to neighbouring areas. Vast cultivable, homestate land including private & public institutions households were badly damage since last few years.

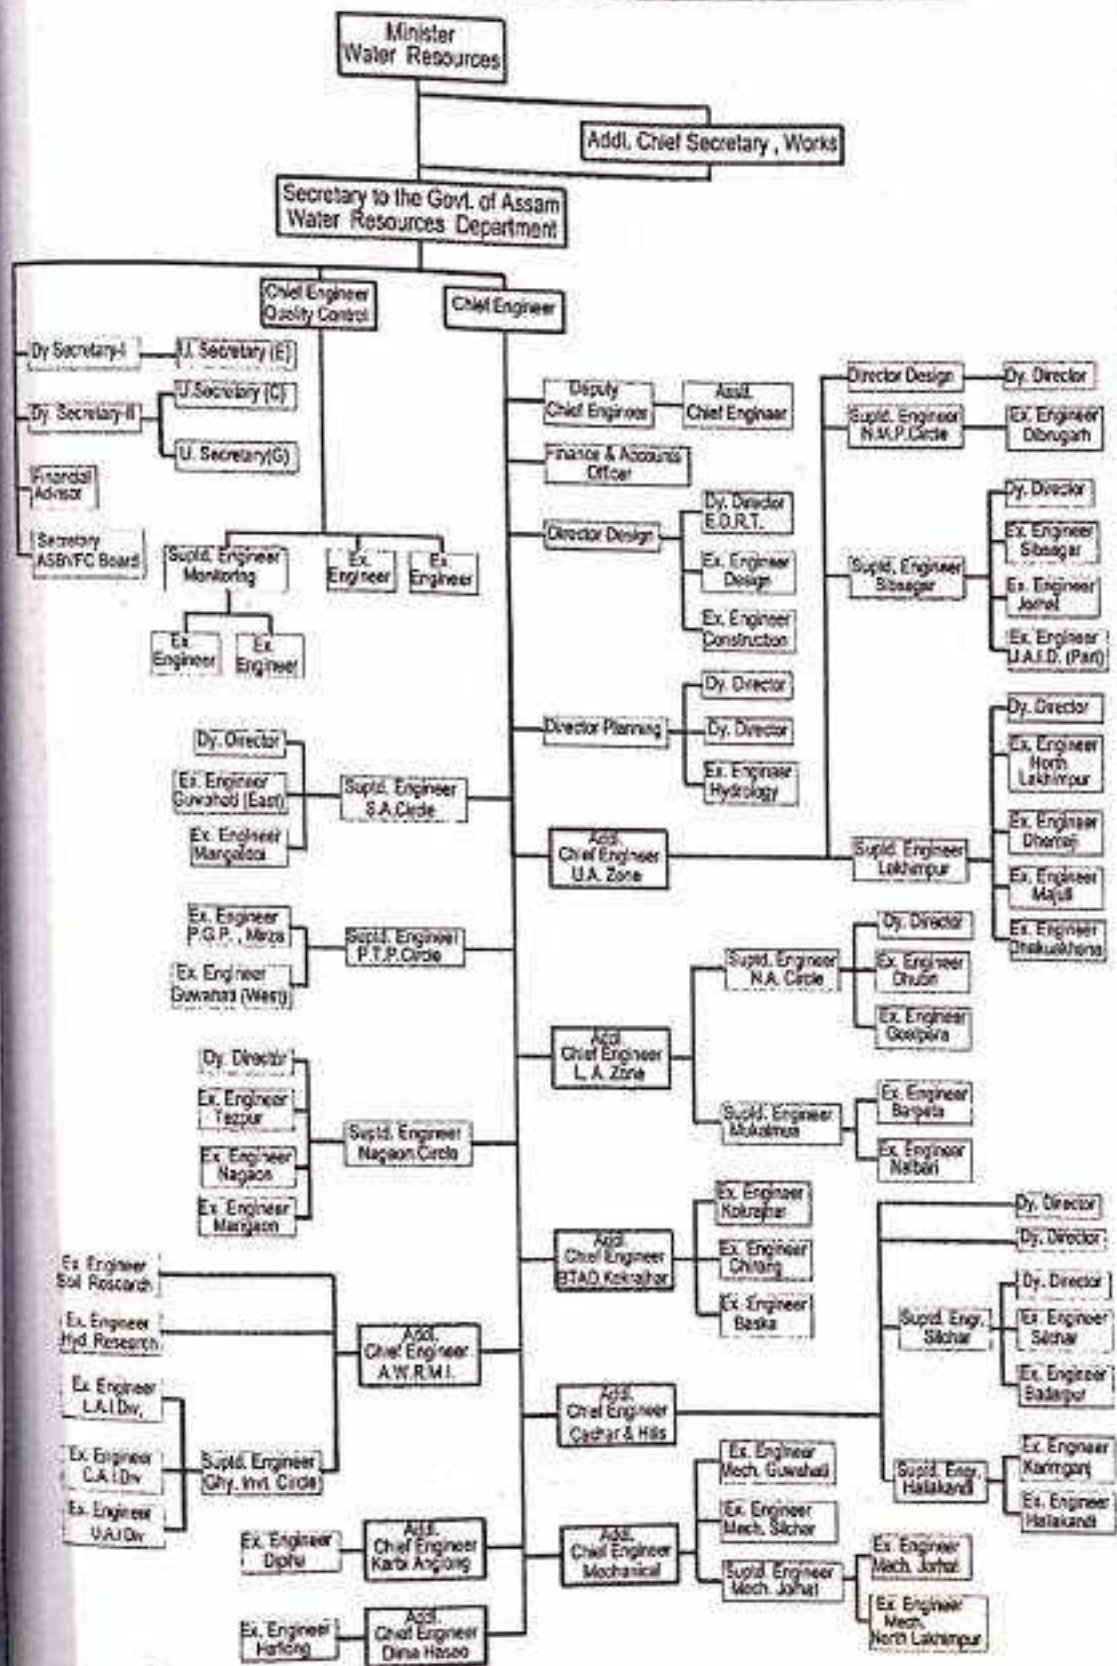

Flood inundation and severe bank erosion cause by mighty river Brahmaputra and its tributaries during flood season. Temporary palliative measures are taken during flood season to control bank erosion and flood problem. Earth filled Cement bag & Geo-bag pitching, launching of bamboo cribs, bundles, tree branches, PSC porcupines and earth stacking & spreading are being carried out to prevent embankments from breach, breach like damage and bank erosion.

The flood fighting materials like empty cement bags, 8G wire, Wire rope, U-Bolt, Geo Bags and PSC porcupine procured as per requirement and these materials will be stored in the 3 (three) Sub-Divisional stores of the Division. On each Sub-Division, Sectional Officer (Store) concerned will be in charge of flood fighting materials. Respective Asstt. Executive Engineer will issue such materials to the field officers. The Field Officers will be responsible to ensure availability of flood materials at vulnerable points before high flood in river is apprehended. They shall be in constant touch with 'Divisional Control Room and collect message on flood forecasting, flood warning etc. The respective Asstt. Executive Engineer will ensure of daily flood data and submit to Divisional Control Room through messengers or telephone.

VULNERABLE REACHES AGAINST BOTH EROSION AND INADEQUATE SECTION ETC UNDER BISWANATH W.R. SUB-DIVISION

Sl. No.	Name of Division.	Name of river.	Name of Embankment.	Total length of embankment in KM.	Vulnerable points.	Cause of vulnerability.	Proposal Submitted if any.	Status of proposal.	Officers entrusted with phone no.	Remarks.
1.	Tejpur W.R. Division.	Brakmaputra	B/dyke from Biswanath to Panpur.	24.60 KM. (Biswanath to Panpur of Bdyke)	Vulnerable reach 1) Active erosion continuing at Solamari, Bhajimari, Singimari, Biswanath Ghat, Towari pal area etc.	Erosion and inadequate dyke section with no / less free Board and vulnerable due to sloughing, seepage, leakage, boiling etc	One no. of SOPD (FDR) Scheme A/E measures to protect Biswanath Ghat Sanjayshil Gaon and its adjoining areas from the erosion of river Brakmaputra & One SDRF scheme "LTM for restoration of damages at B dyke from Biswanath to Panpur at Gorpal area under SDRF for 2018-19" Completed	(SOPD-FDR) Work is completed. SDRF scheme work in progress) 4 Nos of SDRF scheme at Two nos of SDRF schemes newly sanctioned.	1. Sri Pabitra Bora, AE Ph No. 97063710162 2. Sri Goutam Nath, JE Ph No. 9435564061. Md. Abubillah, JE Ph No. 9435075323	Total length of dyke with inadequate section = 8.00 km
2	Tejpur W.R. Division.	Ghulidhari	R/ bank embkt. from Borpani to Nath Gaon	12.80Km	Nathgaon area	-Do-	One no of SDRF scheme is going on at Borpani area.	Work Completed	Sri Pabitra Bora (AE) Ph No. 9706371016	Total length of dyke with inadequate section = 4.00 km

3	Tezpur W.R. Division, Jashbarali	L/Bank of river Jashbarali From Chamdhara to Panpur.	14.60km	Active erosion continuing in Sandhara, Bazargan area under Chariali W.R. Sub-Division	-Do-	One FMF scheme namely "protection of T/Dyke from Chhampam to Orang Shasi from the erosion of river Jashbarali on its L/Bank" One SDRF scheme at Bazargan was physically completed. And another SDRF scheme at Kanayaka will start soon	One no. of NABARD Scheme is sanctioned.	1 Sri Prabira Bora, AE. Ph No. 9435160679.	Total length of dyke with Inadequate section = 7.00 km
4	Borgang			Active bank erosion continuing in Bharaliguli and Tengbari area on R/B			Two Nos of NABARD Scheme at Gangmouham was completed.		
5	Buroi R/B						Two Nos of SDRF Scheme wa Already completed.

VULNERABLE REACHES AGAINST BOTH EROSION AND INADEQUATE SECTION ETC UNDER GOHPUR W.R. SUB-DIVISION

Sl. No	Name of Division	Name of River	Name of embankment	Total length of embankment in KM	Benefited area	Vulnerable point	Cause of vulnerability	Proposal submitted if any	Status of proposal	Officer entrusted With Phone No.	Remarks
1	2	3	4	5	6	7	8	9	10	11	12
1	Tezpur W.R. Division	Brahmapur	B/dyke from Jannuguri to Kharoi out fall 1956-57	21 Km. (From 26 th Km to 47 th) of B/dyke	8500 Ha	Vulnerable reach i) At ch. 27 th Km (Jannuguri, Pichalareo) ch. 39 th Km. (Charabari area) ii) Ch. 44 th KM at Paken area iii) Charaklua, Baligaon, LohitMukh iv) Kalyani Than	Active bank erosion near 39 th km Charabari and 44 th km near Paken .Boiling and overtopping is observed during stage of above of DL in different location upto 39 th km.	Two nos of SDRF schemes are completed. A/E measures at Dipara Dani Garon/Mo'd el Village) to protect Kalyani Than and adjoining areas from the erosion of river Brahmapur	One No. of SOPD(G) scheme, to protect B/dyke from Jannuguri to Kharoi outfall at Amguri Pichala area work is in progress.	Sri Mohan Ch. Khakhar A.E. (9924540993)	Total erosion effected reach = 3.500 Km

2	Tezpur W.R. Division	Solenji	Revel of Solenji river in Tezpur Civil Sub-Division 1963-64	9.485 Km on L/Bank & 9.268 Km on R/Bank Total = 18.753 km	4047 Ha	l)/R/B of marginal embankment At Ch. 200m to 2000m & ch. 600m to 2.0km R/Bank and 200 m on 7th km near Bilatia village. ii)Ch 0.5 Km to 2.5 Km L/Bank	Erosion is prominent at vulnerable reaches due change of river coarse for deposition of silt.	One SDRF scheme is completed and another SDRF Scheme at R/B embankment has been sanctioned	Work is in progress	Sri Raju Sarma J.E. (7005670408)	Total erosion effected reach = 1.8+ 1.4+ 0.2 = 3.4 Km
3	Tezpur W.R. Division	Brahmajan	Prevention of Flood & other ravages due to change of course of Brahmanjan	Length = 12.90 Km on L/Bank 12.85 Km on R/Bank. Total = 25.75 Km	2428 Ha	Vulnerable Length = 0-12 th KM on both bank	Inadequate dyke section, meandering nature of river, silt, deposition in river bed	One no of SDRF scheme is going on. One no of SDRF scheme is submitted to Higher Authority.	Works in Progress	Sri Subrajit Chakrabarti J.E. (8638430048)	Total erosion reach = 8.000 +8.000 Km = 16.000 Km
4	Tezpur W.R. Division	SingraMago nijan&Mago nijan	Improvement of drainage system of Singri - Magonija	Length - 6.59 Km on both bank	200 Ha	Vulnerable Length = Ch. 0-Ch. 500 m on both bank and 4 th km on L/B of 200m	The dyke section is inadequate and vulnerable due to sloughing seepage, leakage, boiling etc.			Sri Subrajit Chakrabarti J.E. (8638430048)	Total erosion reach = 1.2 Km

3	Tezpur W.R. Division	Chartrang	Both bank embankm ent of river Chartrang	9.0Km in L/B and 9.0 Km in R/B	4000 Ha	Entire dyke system	The dyke section is inadequate and vulnerable due to sloughing, seepage, leakage, boiling etc.	One no. of NABARD Scheme is going on.	Sri Subhrajit Chakrabarti J.E. (8638430048)	Total effected reach = 9.0Km in L/B And 9.0 Km in R/B
4	Tezpur W.R. Division	Seesa	Right bank embankm ent of river Seesa	6.175 Km in R/B	3000 Ha	Entire dyke system	The dyke is vulnerable at different location due to severe erosion or flashy wave of flood.		Sri Subhrajit Chakrabarti J.E. (8638430048)	Total effected reach = 6.175 Km in R/B
